FORCED TO HALT for a moment for a camera shot are Jefferson Union High's rampaging Indians who are undefeated in three Peninsula Athletic League games. Reading from left to right are: top row, Bob Lagomarsino, Bob Murchison, Floyd Gonella, Jack Wilson, Vic Baher, Rich Harrison, Mac Douglas, Pat McCool; third row, Gene Lorenzo, Roy Larson, Dave Cafferata, Mansel Roland, Dave Rivera, Charles Tienken, Vic Roggenbusch; second row, Ray Tschirgi, Bob Davis, Max Kliem, Hal Hazen, Bob Gallagher, Norm Cady; front row, Bryan McMahon, Izi Galente, Bob Kalinin, Ray Espinoza, Dave Nathan, Mike McGarrigle. Absent from the pose are Pete Koperak and Tom Leach.

JEFFERSON ELEVEN FACES W. G. RAMS IN PAL. CONTEST

Will Joust Today In San Jose At 2:45

By Roy Hurlbert

So far invincible before all comers, Jefferson's co-league-leading Indians wind up their traveling chores this afternoon in San Jose's Spartan Stadium with the Willow Glen Rams.

Kickoff time is 2:45.

Jeff Slate Perfect

Currently sharing Peninsula Athletic League leadership with Palo Alto, the Jefferson eleven enters today's fracas with a neat 4-0 calling card. Three wins were in circuit play.

The Tribe has the scalps of Sequoia, San Jose, and Burlingame pinned on their Totem Pole and there's room for more.

Willow Glen, the baby of the PAL household is tied for seventh place in the nine-team field with a 1-3 record.

The Rams' background could be deceiving. They're a better club than it would seem. On the rise, is the word for it. They got off to a bad start, but things are looking up now.

Paly Slaps 'Em

Palo Alto christened them with everything, including the champagne bottle. When the T party was over the Vikings had 44 points and the Rams had a big zero.

Next time out, San Mateo's Bearcats caught them on the rebound and floored 'em a second time, 33-6.

Such events would have put a team of lesser heart out of business for good. But Bob Berry's team essayed a remarkable comeback.

Give San Jose A Scare

South City's Warriors provided Willow Glen with their first PAL victory, an 18-13 affair, two weeks ago.

Last Saturday, the Rams lost out in the final two minutes to a strong San Jose aggregation, 27-25.

Jefferson scored 20 points to San Jose's 12 when the Indians and Bulldogs clashed. The locals had to go all out to get the job done, too.

Willow Glen's performance against San Jose caused Jefferson mentor Glenn South a full share of worry.

Score Via Air

The T-formation Rams tallied three times on passes—they attempted 33 aerials altogether. Willow Glen likes to fill the air

DC Ex-Mayor Calls: For New Trial In Quarry Controversy

H. H. Smith Sr. indicated today he had not surrendered in the legal battle over how much he should be paid for a strip of land running from Brunswick to Hillside boulevard.

The lawyer for Daly City's ex-mayor, Gardiner Johnson, said a motion for retrial of the case of Daly City vs. Smith will be heard in Redwood City November 10. Judge L. R. Avilla wil lhear the case.

September 7, Judge Avilla, called in from Santa Clara especially for the case, handed down a decision giving Smith $4,465 for the 400 foot strip of land thru the Hillside quarry. This was $557 less than the city offered Smith for the property July 20, 1949.

Motion Motive

It is expected that the motion for retrial will be based on Smith's contention that the decision was unfair, as in reality his quarry property is worth much more.

When the city last year condemned the property (it is to be used for a street to connect Brunswick with Hillside boulevard), Smith requested $47,040 for the property and $159,234 severance damages.

Damages

The severance damages were based on Smith's contention that the cut in his land will ruin future plans for a motel at Mission and Hillside boulevard. In rendering his September vesrdict, Judge Avilla noted that the law does not take into consideration the future value of property, and can consider the value only as of the time.

Should the Judge refuse a new trial, it is expected that Smith will appeal the case.

Frank Blum, city attorney, is representing Daly City in the legal controversy.

BROADMOOR LEGION POST TO HOLD DANCE

The Broadmoor post of the American Legion is sponsoring a dance at Colombo Hall in Colma this Saturday night, November 4, at 8 p.m.

Music will be by Paul Law and his orchestra.

There will be a prize for the best costume. It is not necessary to come in costume to enjoy yourself. If you have attended any of our previous dances, you know of the good time awaiting you.

THURSDAY'S GALE WORST TO STRIKE HERE IN 10 YEARS

Damage Reckoned In Thousands

A check of weather records today revealed that last Thursday's gale was the worst one to blast Daly City in the past 10 years.

Winds, which reached bursts up to 60 miles an hour, tore through Daly City, smashing windows, blowing down television aerials and disrupting power and phone service.

Gathering momentum at 10:56 a.m. Thursday, the wind and rain felled a large tree at 145 East Vista. The tree pulled down two PG&E wires near the home.

Light Pole Down

An hour later police were notified that a light pole had been toppled over by the wind in front of the Jefferson High school.

There was a brief respite until about 2 p.m. when gale winds swept down on the community, reaching almost hurricane force.

Reports of broken windows, snapped aerials, downed wires and trees flooded the police station for a full two hours after the 2 p.m. blow.

Hardest hit was the Westlake Furniture Company, 6840 Mission. A strong gust of wind blew out the large plate glass windows in the front of the store, resulting in from $6,000 to $8,000 damage to the store and fixtures.

Heroic Action

An unidentified woman narrowly escaped serious injury when the Westlake window smashed onto the pavement. She was standing near her car as the window started to go.

Former Daly City Councilman Mel Battye was in the doorway of the store. Sizing up the situation, he dashed out onto the sidewalk and swept the woman aside a second before the glass shattered. Except for a few minor cuts both Battye and the woman were not injured.

At 2:30 p.m. police received a hurry call from the Daly City Reservoir No. 2. The 60-mile winds had whipped down through the Crocker hills blowing the heavy top off the tank.

This was the second time in the past 10 years that winds have lifted the top. No estimate of damage was available, although city officials say the reservoir is covered by insurance.

Blows Top

Another building also lost its top to the wind. This was a warehouse at Hill and Washington streets in Colma. A. Antonchuck,

Mayor Flies To Save Center

B'MOOR-W'LAKE HEARING DUE ON CONNECTING ST.

Ocean Shore R. R. Moves To Block Street Work

As expected, the Ocean Shore Railroad this week made a move to hold up work on the new city street in Westlake that will run over a strip of land claimed by both the Railroad and Henry Doelger.

A motion will be heard in Superior Court Thursday, November 9 by the Ocean Shore Railroad requesting Daly City raise a deposit of $2,700 to some undisclosed sum. This deposit was made by the city October 13 as part payment for the land over which the street is to be placed. The 60 foot wide strip, running west and north from White street to Highway No. 1, is the land claimed by both Doelger and the Railroad. The deposit is a token sum to guarantee the good faith of the city to pay the rightful owner for the property when that owner has been determined.

Other Case

The case will be heard before Judge Murray Draper. The firm of Kirkbride, Wilson, Harzfeld and Wallace will represent the city.

Meanwhile, the case to determine the rightful owner of the right-of-way will be opened November 20 in Superior Court. This stems from a $375,000 damage suit filed by the Railroad against Doelger. It is expected Doelger will meet the suit by claiming the Railroad can not sue for something it does not own.

Victory

Last Friday Doelger won a partial victory in the legal fight when he was discharged of contempt proceedings brought against him by the Railroad. The Railroad had based the contempt action on the charge Doelger had trespassed the strip after an injunction was issued forbidding such trespass.

"The court finds that there is no clear and convincing proof of violation of the injunction," Judge Draper said in a memorandum.

The order continued by discharging an order to show cause why Doelger should not be held in contempt.

NOBODY BUT FIREMEN KNOW MY TROUBLES

Some people have nothing but trouble, at least that's the case of Mervin Ferguson, 130 Winchester.

Three weeks ago his car caught on fire, damaging the wiring. The fire department doused the flames, and Ferguson spent several hard-earned dollars replacing the wires.

No sooner had he got his car on the road when . . . . that's right . . . . it caught fire again. Only this time it was in the basement of his home at 4:10 a.m. Wednesday.

Before firemen were able to control the car fire, it had gutted out the machine. Ferguson himself received first and second degree burns of his right hand when he attempted to open an air vent by grabbing on to a red hot handle.

Ferguson, recovering from his burns today, did not say whether or not he would have his 1940 model repaired. Firemen have not yet discovered the cause of Wednesday's fire.

SCHOOL BOARD ADAMANT ABOUT CONNECT'G. ROUTE

Broadmoor ... W'Lake Street To Be Decided

Echoes of a still to be decided conflict were heard at the regular meeting of the Jefferson elementary school board last Thursday as the question of a connecting street between Broadmoor and Westlake was aired.

The discussion was prompted by an unofficial letter from R. A. Klassen, Daly City engineer, calling upon the school board for a decision on the connecting route. Not only did Klassen call for prompt action, but he also requested the board approve the "red" route, or the road which would run from 87th adjacent to the Garden Village school, to the new Westlake shopping center and thence west and north to the intersection of Highway No. 1 and Skyline boulevard.

Street Status

This letter recalled the status of the street which has been a center of contention for almost two years. Early this year the County Planning commission, over the objections of many Broadmoor residents, agreed on a connecting street. They stated such a route is necessary to connect the two large housing developments both for safety and convenience. Today the only road between Broadmoor and Westlake is Junipero Serra boulevard.

Final approval of the street, however, rests with the Jefferson elementary school board, and possibly the county superintendent of schools.

Hearing Slated

Sometime in November it is expected a public hearing will be held on the street. Should more than one-third of those present at the hearing (to be held before the Jefferson elementary school board) protest the street, the final decision will rest with the superintendent.

The hearing has been delayed until the new superintendent takes office November.

James Snell, superintendent of the Jefferson elementary district, said everyone would be given full notice of the coming public hearing.

Answers Letter

With the hearing in mind, Snell today, on behalf of the Jefferson elementary school board, answered Klassen's letter.

In part, the board says they have a full understanding of the prob-

(Continued on Page 2)

5 CHILDREN GIVEN LIMBURGER TREAT HALLOWE'EN NIGHT

Some people apparently have a distorted sense of humor.

So believe several mothers in the Hillside Drive area today.

Several women complained that their children were tricked themselves when they made their house-to-house trick-or-treat raids Hallowe'en night.

Five of the tiny tots received neatly wrapped little packages when they called on one house.

When they excitedly unwrapped their gifts they found rather odorous morsels of limburger cheese. For good measure, the good samaritan enclosed this message, "you're the tricker, where's my treat?"

The feat might have amused the donor but the children didn't appreciate the booty. Nor did their angry parents.

Eagle Ladies Adopt "Frankie"... A 6-Year-Old Who Understands Courage

His name is Frankie, but unlike other 6-year-old boys he needs a little help in walking.

He's getting that help today, thanks in part to the women of the Colma Vista Grande Auxiliary No. 1848. The ladies, always mindful of less fortunate persons, have "adopted" Frankie.

Frankie's Story

The "adoption" came recently when Frankie was introduced to the women at an auxiliary meeting. Smiling, and showing indominable courage, the lad told a simple story to the ladies. Handicapped from birth by disease, Frankie is doing his best, with aid of the San Francisco Sunshine school, to walk again. He's made great progress, but there is still a long fight ahead. Unfortunately his family is unable to give him the necessary funds, so he will need financial help.

That was Frankie's story. When he had finished there was an evidence of many handkerchiefs and tears at the meeting.

Auxiliary To Help

Acting promptly, the women agreed to donate funds to help buy special items to help Frankie to walk. Chief among these is a pair of special shoes (reciprocal skiis) to assist in the coordination of his legs and arms in walking. When Frankie no longer needs this "equipment" it will be at the disposal of the school for other handicapped children's use.

Donations to buy the shoes are being made through a special wishing well bank presented by Mrs. Arthur Heyden and made by William Druhn for the Auxiliary.

Others wishing to help Frankie are asked to contact Mrs. Lorene Gardner, Auxiliary president at PLaza 5-3931, or Mrs. Lenora O'Neil, chairman, at PLaza 5-0468.

Week End Burglars Strike Twice Here

A pet store and fish market were the targets of two unidentified burglars in Daly City over the past week end. Total loot from both concerns did not exceed $100 police said.

The first burglary was reported Friday morning by Nellie Byrnes, manager of the Daly City Pet Shop, 6279 Mission street. She told police that some time Thursday night a burglar had entered through an open window and had made off with $15 from the cash register.

Also stolen from the pet shop was an aireator valued at $26, two thermostats, and three fish tank heaters. These last items were valued at a total of $11.25.

Second Theft

Sgt. Roy Beecher discovered the second burglary at 2:45 a. m. Sunday when he noticed the screen torn off the north window of the Hillside Fish Grotto, 6644 Mission.

Entering the market, Sgt. Beecher saw that the thief had

(Continued on Page 2)

Broadmoor Faces Higher Water Rates

Broadmoor residents may soon be paying higher rates for their water, as all San Mateo county residents.

This week the San Francisco Public Utilities Commission recommended boosts of from eight to 15 per cent in wholesale water rates. This would effect the California Water Service Co., (largest water retailer on the Peninsula) which now serves Broadmoor.

No Estimate

There were no immediate estimates of the probable increase to Broadmoor householders and other county users, because the proposed increases are based on wholesale, not retail use.

The recommended increases were calculated on the basis of relative investment and relative use of water by the Peninsula and San Francisco.

H. G. Bulter, consulting engineer, said San Francisco needs $1,630,000 in increased water revenues annually to keep its plant and service in good shape.

GREEN TO ASK NPB EXCEPTION FOR BUILDING

$298,000 Project Depends On Decision

Making a dramatic move to save the Community Center building, Mayor Paul Green this week will fly to Washington, D. C to appeal the city's case before the National Production Board.

The trip is prompted by a recent order of the NPB which bans construction of all buildings for amusement purposes. The $295,000 Community center falls under this category, and unless the mayor can convince the Board the center should be built it may be years before it comes off the blueprint stage.

At a special meeting Wednesday night, the council agreed the emergency was such to warrant the expense of the mayor's trip.

Reasons Given

The mayor will carry with him a letter from the council asking for an exception in the case of the Community Center. In asking for the exception the council pointed out to the NPB that:

1. Bonds totaling $285,000 have already been sold for the purpose of construction. The bonds were sold late last year when the people approved the $396,000 bond issue for parks and the Community Center.

2. As the council is a public body it must act slowly. Consequently, had it been a private concern, the building would have been up much sooner.

3. Bids for the contract were opened August 21, a good month before the NPB ruling. However, as the lowest bid was $412,000, the council was forced to advertise for additional bids.

4. Most of the materials for the new building will be nonesential, i. e. such things as glass and stone.

The appeal follows Monday night's meeting when the council opened six new bids on the Community center. The lowest bid was made by contractor Ralph

(Continued on Page 2)

Signals For Westlake "Entrances" Approved

Work will begin within the next 30 days on signals and channelization at the intersection of Junipero Serra boulevard and Highway No. 1, and Highway No. 1 and Skyline boulevard.

Eaton and Smith, San Francisco contractors, have been awarded the $100,142 contract for the construction job.

This was announced today by the state public works department.

With the compppletion of the job a great traffic hazard will be eliminated. The signals will be at either end of Westlake.

In conjunction with the signals, the city will proceed with the extension of Knowles avenue across Junipero Serra to Highway No. 1. This will give Westlake residents a direct route to Daly City.

More About School Board And Connecting Route

(Continued from Page 1)

lem, and under no circumstances will they agree on the "red" plan, the one running adjacent to the Garden Village school. The board pointed out that last April they went on record against the "red" route, and this is still their stand. They also said that the "red" plan has been turned down three times by the state.

However, the board noted it favored a connecting street, preferably the one which would run directly north from White.

The board concluded, however, that no decision could be given on the street until after the public hearing is held.

More Business

Other business before the board Thursday included:

1. Calling for bids on a 50-passenger bus. Bids are to be opened November 22.

2. Awarding the contract for the landscaping of the Garden Village school to Nick Perata. (This award was granted at an adjourned meeting Friday evening.)

3. A tax exemption was requested on all property acquired by the district and especially on parcels purchased from Selmi.

Still Waiting

4. Snell reported that the District Attorney's office has not yet given the "go ahead" on calling for bids on the new Westlake school. However, this is expected very shortly.

5. The board agreed that no teacher or other school employee participate in any manner in political campaigns during school time and on school property, nor may any candidate use school property for campaigns.

6. The board agreed an investigation should be made and a suitable location found for the establishment of special classes for mentally retarded pupils. Also, a contract between the county superintendent of school office and the local district for the education of mentally retarded and cerebrial palsied children was approved.

7. A wage scale for all labor employed in the construction of new schools was adopted.

8. Clarence Rockey was hired as a school custodian.

9. Snell reported on the condition of the roof gutters at the Crocker school and was instructed to have the American Roofing Co. inspect same.

More About Jeff Eleven And P. A. L. Contest

(Continued from Page 1)

with footballs.

South has made plans all week to avert disaster through air power. He's well aware that the Willow Glen contingent is predominantly a passing club.

Glenn's single-wingers have been stressing pass defense all week in practice. They might be defending against tosses all afternoon, if Willow Glen plays to form.

Physically, the Daly City team is in pretty fair shape. Center Bob Lagomarsino and tackle Pete Kopcrak are the only boys nursing injuries.

Murchison Promoted

"Lago's" banged up knee is better and he might see pivot duty. He missed the Burlingame mudfest and Junior Bob Murchison stepped up in his place.

Kopcrak, Vic Baher's tackle mate, will miss his second consecutive game. The 223 pound junior suffered a shoulder separation early in the Sequoia game and he won't be ready until the San Mateo game next week. His doctor said he could resume practice Monday.

Floyd Gonella, Kopcrak's replacement, has done a fine job. South also feels that Dave Cafferata, senior end, has handled flank duties very well in recent tilts.

Big Three Ready

Jefferson's three-pronged running corps of Bob Gallagher, Max Kliem and Ray Tschirgi is ready for action. Behind the Indian's sturdy line, the Big Three has yet to be stopped.

Fast becoming the loop's most feared forward wall is the line with Hal Hazen and Jack Wilson at ends, Vic Baher and Gonella at the tackles, Mansel Roland and Rich Harrison at the guard posts, and Murchison, a real comer, at center.

U. S. Highway No. 40 closely follows the old California Trail used by immigrants to California.

Broadmoor Church Opens Two-Day Bazaar Tonight

Everything from hot dogs to fortune-telling will be open to public consumption tonight, November 3, when the Community Presbyterian Church of Broadmoor opens its two-day bazaar at the church on 87th street off Junipero Serra boulevard.

The gala spectacle, which gets underway this evening from 6 o'clock to 10 p. m., is being presented to raise money for the church's building fund.

The bazaar continues tomorrow from 11 a. m. to 5 o'clock.

The people of Broadmoor and Garden Village have assembled a variety of boths including one of toys and a wishing well.

Also open to public scrutiny is a well-arranged garden booth, a colorful Christmas booth and a beautiful array of doll clothes.

Entertainment will come from a multitude of sources, such as harmony from a Ladies Barber Shop Quartette.

Bazaar goers will get a chance to do their Christmas shopping early because several gifts, for young and old alike, will be on sale.

Soft drinks, hot coffee and frankfurters will constitute the bulk of refreshments.

A cordial invitation is extended the public to see and enjoy the two-day bazaar.

New Arrivals

To the wife of Henry High, 864 Larchmont drive, October 17, a son.

To the wife of Charles P. Keck, 117 Westlawn avenue, October 21, a daughter.

More About Week End Burglars

(Continued from Page 1)

ripped the screen off the window, broken the glass and entered.

The next morning, Alfred Alessandri, manager of the Grotto, told officers that the burglars had taken three cases of beer and six cartons of cigarettes.

Oldest maritime organization on the Pacific Coast is the San Francisco Bar Pilots, who steer vessels through the Golden Gate.

SMJC Homecoming Set For Nov. 17

Alumni will return to San Mateo Junior College for homecoming November 17 when the college students will present a varied program for the benefit of the "old timers."

In addition to having the former students visit the three campuses and meet the faculty, a homecoming dinner will be served at the Coyote Point dining hall, a conference game will be played with Monterey College, and a big dance will be planned for the Coyote Point gym after the game.

Meanwhile the present students will add variety to homecoming by arranging a Sadie Hawkins' day for November 17. Students will dress in Dogpatch costumes, a homecoming parade will be arranged for that afternoon, and a queen of homecoming will be selected from a number of candidates.

As the college draws its students from the entire county and from other nearby areas, a large number of former students can be found in every community. These alumni held student body offices, served on committees, played on the teams, edited the publications and engaged in numerous other activities while in college. From San Francisco to San Jose they will return for the annual homecoming.

Legion Auxiliary Opens Campaign For Members

Increased strength for greater service to America and to those who have defended the nation will be sought by the American Legion Auxiliary in a membership campaign beginning October 25, 1950, it has been announced by Mrs. Clark Bird, president of Broadmoor unit.

An invitation to come into the Auxiliary and take part in its activities during the coming year will be extended to all eligible women in the community, Mrs. Bird stated. Eligible for membership are wives, mothers, sisters and daughters of American legion members or of deceased veterans of either World War, and women who themselves were in war service.

The campaign will be directed by Mrs. Ray Logan, unit membership chairman, assisted by members of the Auxiliary. A large corps of workers will carry personal invitations to the eligible women.

"We believe that at this time all women of war-service families want to serve actively for our country and its defenders," said Mrs. Bird. "In the American Legion Auxiliary we can offer them opportunity for effective service in many fields. We are well organized and already in action.

"Nearly one million women already are serving in the Auxiliary's 13,500 units throughout the country. But the situation today calls for even greater strength. We have places for two million women in our work. Every woman who joins gives us that much more strength to carry out our activities for the security of America and for the welfare of our war veterans and their families."

Cub Pack No. 63 Stages Halloween Fete

Getting a jump on Hallowe'en, members of Cub Pack No. 63 held their Hallowe'en party last Friday.

The party was attended by 45 cubs and friends. All of the cubs came in costumes, with the prize for the best costume going to John Tarrango. John was given the gift for his portrayal of a realistic bum.

Another effective costume at the fete was one worn by an unidentified cub. He had a box over his head, and with a slot opening, looked every bit the part of a walking TV set.

Following the costume contest, the boys played games and took an active part in wading through refreshments.

COURTEOUS DRIVERS

Courteous drivers are safe drivers, declares the National Automobile Club.

More About Mayor Green And Trip To Save Center

(Continued from Page 1)

Larson of San Mateo for $298,623.

Wednesday evening the council rejected all bids but that of Larson. The contract for the job will be held in abeyance until such time as the NPB makes a ruling on the city's plea.

Answer Soon

It is expected that the NPB will answer the council sometime next week. Should they reply favorably Larson will proceed with the construction job.

However, should the NPB turn thumbs down on the exception, it is expected the council will invest the money, raised for the center, in bonds to be used at some later date for construction.

Mayor Paul Green today indicated the NPB order which virtually bans all public works for amusement, will not have much effect on the $101,000 parks program here.

"We have a good deal of the work done already," Green noted. "Besides, most of the park projects are matters of moving dirt and grading which is not effected by the NPB order."

Park Projects

The mayor also explained that the new order does allow up to $5000 a year for such projects, and with this money it will be possible to make some progress on the parks program. However, whether or not plans for bleachers and club houses can be carried out at this time depends on the NPB, Green stated.

Meanwhile, at the regular council meeting Monday the city awarded the Fay Improvement Company the contract for paving in Marchbanks Park. Fay had the low bid of $4,214.

Toyland Nursery

Other business before the council was:

1. Final decision on locating the Toyland Nursery school at the Legion Hall, 474 San Diego, was put off until November 13. The public hearing was delayed after 15 persons signed a petition protesting the location of the school.

Mrs. Grace Wilson, manager of the nursery, asked and was granted time by the council to contact the 15 persons before the council reached any final decision.

2. The council went on record in favor of the Reber plan for a new bay bridge. The resolution was sent to Governor Earl Warren.

3. The Fay Improvement Company was given a 15 day extension of time to complete the Concordia project.

More About Damage Caused By Thursday Gale

(Continued from Page 1)

owner of the structure, said the winds carried off almost the whole metal top of the building.

Adding to the difficulty of the emergency was the power failure which hit Daly City early in the afternoon. Electricity was off in many sections of the city until late Thursday night.

The power trouble resulted from many wires blown down, and the failure of a generator in the Geneva district.

Police Lauded

Throughout the whole gale, Daly City police were wet and active attempting to meet each emergency as it arose. Many of the officers were on duty for 12 to 14 hours directing traffic, answering emergency calls, and assisting the PG&E to locate "hot" wires.

Television aerials, although reputed to be able to stand up under 100-mile-an-hour winds, toppled over in Daly City like "ten pins."

OAK CREEK CANYON

Oak Creek Canyon, located in the eastern part of Yavapai county and the southern part of Coconino county in Arizona, is reported by the National Automobile Club to be a favorite resort of the angler. It is considered to be second only in beauty and marvelous coloring to the Grand Canyon.

Red Star Receipt Worth Plenty At Ice Cream Land

Always on his toes for a new wrinkle, Jim Denny, head man at Ice Cream Land, 2139 Junipero Serra boulevard, has a new "Jack Pot" to interest his customers.

Everyone finding a red star on his or her receipt will have the choice of something really worthwhile from merchants along the boulevard, he explained.

Said Jim, "each purchaser will get a card from the cash register and if there is a red star on it, he or she will be entitled to one of the following:

"A grease job at Jim Mitchell's Shell Service station, a $5 merchandise order at Gallo's Auction Gallery, a regular dinner at the Chalet restaurant, a plant from the Lake Merced Nursery, two passes for the Serra Theatre."

Jim Denny went on to relate that he hopes his new idea will help to stimulate friendship with the merchants along Junipero Serra boulevard. He aserted, "You know, the time is fast coming when one will be able to find just about everything here.

"Not only that, we are very conveniently located for shoppers using their cars in making the daily rounds. We have pletny of parking space, in fact, one may run right up to our front doors.

"Another important point is that, generally speaking, there is no delay in buying from us. There are no excessive crowds, meaning an 'in and out' purchase."

Jim said that the new idea is only one more in his line of attractions, adding that all of his others still remain in force.

COUNTY SEEKS HOMES FOR UNDERPRIVILEGED TEEN-AGE CHILDREN

Do you have room for an underprivileged teen-ager in your home?

The San Mateo County probation department has several children between the ages 13 and 17 who need foster homes.

The children are not delinquents, but are at Hillcrest because they have no other place to live.

The county will pay $50 a month for the upkeep of the children, provide their clothing, dental and medical care.

Anyone interested is urged to call Probation Officer John S. Cowgill at DIamond 3-1896 or write the San Mateo County probation department, Redwood City.

San Francisco's consolidated city-county government dates from 1856.

Army Reservists Attend Special Operations Talk

San Mateo County Army Reservists attended a special lecture presented by the Sixth Army Instructional and Demonstrative Teams, at the ORC Reserve Center, U. S. Naval Station, San Bruno.

Principles of the organization and operations of a communication zone in a theatre of operations was discussed at the two-hour meeting.

OBITUARY

Mrs. Catherine Walsh

A solemn mass of requiem was celebrated at Our Lady of Perpetual Help Church Tuesday morning for Mrs. Catherine Walsh, 59, who died at her 447 San Diego street home Sunday afternoon.

Mrs. Walsh was a prominent Daly City resident and mother of Police Officer John D. Walsh. She was active in many clubs and had lived in Daly City for the past 42 years.

Besides her son and husband John, she is survived by sisters, Mrs. Melia Irwin, Mrs. Mary Morris, Mrs. Margaret Walsh and Mrs. Lissie Rogers; brothers, Martin and Michael McDermott, all of County Roscommon, Ireland.

The rosary for Mrs. Walsh was recited Monday evening. Funeral services were from the W. C. Lasswell mortuary Tuesday. Interment was at Holy Cross Cemetery.

Life Among The Grapefruit

By Ridgely Cummings

Next time you see some stoop-shouldered sinner wearing sweat-stained clothes hiking along the highway and a companion identifies him as a fruit tramp, bow brother, bow.

That's what you'll feel like doing if you work alongside him for a while.

I've just finished a brief stint of picking grapefruit and my hat is off to the men who make their living that way. Their staying power, pateince and endurance exceed mine.

Let me tell you about life in a grapefruit orchard in Arizona.

For me it started with a phone call from a friend who described himself as a writer. I'll call him Horace.

Horace phoned to ask if I'd seen the ad in the morning paper for fruit pickers. I said no and he gave me a sales talk about what wonderful background material it would be for an article and asked if I'd go with him.

"Never mind the experience," I said. "I've had lots of that. How much money will we make?"

Horace thought about $12 a day. I said I'd go with him next morning. Horace was tickled and wanted to make it easy for me. He said he'd pack two lunches and drive us to the rendezvous.

That night Horace phoned again to ask if I still intended to go. I said sure, I'd arranged my schedule and told various people about our plans, and was just about to go to bed and get a good night's rest in preparation.

Around 1 a.m. Horace phoned again, waking me up to ask if I was asleep yet. He said his insomnia was bothering him and he wasn't sure he'd feel strong enough to make it. I told him we were committed and to go to bed.

Early next morning I was up, dressed and waiting for my ride when Horace phoned for the last time to say he hadn't slept all night and couldn't go.

Frankly, I was a little irked. It meant I had no time for breakfast and had to walk to the meeting place. When I got there the straw boss was loading his trucks with a nondescript crew and there wasn't even time for coffee.

I climbed into a truck with a crowd of sleepy, silent men and we bounced through the quiet early morning streets towards the orchard district some 20 miles north and east of Phoenix.

Among any given group of working men there is always one who thinks he must entertain the others. The joker in our truck was a slack-mouthed man of 45 who told bawdy stories, whistled at all the women we passed, sang snatches of songs and bragged about his experience on other transient jobs. He was the first man to give up and quit, about an hour after we started working.

The others in our truck ranged from 20 to 55 years old, about a third of Mexican origin and another third speaking English with an accent that indicated European birth.

We got out to the orchard about 8:30 and the straw boss gave each of us a 14-foot ladder that got heavier and heavier as the morning wore on. He also gave us each a long canvas bag and a tin ring that was exactly three and thirteen-sixteenths inches in diameter.

Our instructions were simple. We were to pick all grapefruit whose diameter exceeded that of the ring. If the ring would go over the fruit then it was too small and we were to leave it on the tree.

We wore the canvas bags over our shoulders and when they were full we emptied them into boxes. We were paid ten cents a box. Each man was given a number and a

It sounds easy but it wasn't. For one thing, grapefruit trees, like most desert plants, have thorns on them. I never knew that before but within half an hour my hands were bleeding from dozens of little cuts.

The trees are about 16 feet high and the ones we worked were surrounded by weeds and sharp grass six or more feet high. We had to tramp our way through this brush, dragging our ladders, to get the fruit and to get it back to the boxes.

At the end of the first hour I had picked three boxes, thirty cents. I decided to rest and have a cigarette and walked over to the next picker, a young fellow named Bill whose usual line of work was driving tractors.

Bill climbed down to smoke and chat with me and asked how much I'd picked. More for a joke than anything else I lied and said eight boxes and that it sure was hard work for eighty cents an hour.

Bill exploded and quit on the spot. It turned out he had filled four boxes, one more than I, but he couldn't stand to think somebody was doing better. He was the second man to quit.

I ate a grapefruit, for I was beginning to miss my breakfast, and went back to fighting the thorns and strumbling through the weeds. Soon a man passed and called me a sucker for sticking. Every ten or fifteen minutes after that a worker would pass me on his way out to the highway to hitch a ride back to town.

I determined to stick it out until noon if it broke my back. It was a matter of personal pride rather than the money I was earning for it was early in the season, the fruit was small and most of them passed through the ring and were too little to pick. On some trees it took me half an hour to make a dime.

Around eleven-thirty we finished the orchard. Our straw boss gathered what was left of his crew, about half, around the trucks.

"After lunch it will be better, boys," he promised. "I'll take you to a clean orchard where we won't have all this underbrush to fight."

Those who were left, mostly the older men, looked more cheerful. I asked about a place to buy lunch.

"If you didn't bring any you'll have to pick it off a tree," he said.

So that's when I quit too. I made ninety cents for the morning.

Financially the experience was a total loss but I came away with keen respect for the men who do this work all day, day after day. They play an important role in our economic life and are too little appreciated.

Next time I eat grapefruit for breakfast I intend to make a mental obuisance in the direction of the lowly fruit tramp.

THIS BOY IS DANGEROUS

He is intelligent, clever, friendly—a natural leader. But his parents have repeatedly neglected the opportunities provided by local churches for his religious and moral training.

The aid of all Christian citizens is required to locate this boy and hundreds like him. The character-building influence of the Church can make them outstanding men. Your active support of the local churches in their efforts to train such youngsters will have ample REWARD in the contribution these youths will one day make to the life of our Community.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

CHEVROLET

Judge it on DURABILITY... DEPENDABILITY

It rides more smoothly
Take one ride and you'll agree Chevrolet is the *smoothest riding* car in its field. It's the *only* low-priced car combining the famous Unitized Knee-Action Ride and airplane-type shock absorbers all around.

It operates more economically
Chevrolet's famous Valve-in-Head Engine, exclusive to Chevrolet in its price range, brings you an outstanding combination of thrills and thrift, plus proved dependability, year after year.

It's better looking all around
Outstanding good looks accompany the outstanding performance of Chevrolet cars—only low-priced car with Body by Fisher—and most beautiful in its field, according to a recent public survey.

It drives more easily
Enjoy *finest no-shift driving* with Powerglide Automatic Transmission* and 105-h.p. engine—or *finest standard driving* with standard engine and Synchro-Mesh Transmission—*at lowest cost.*

It lasts longer, too
Many Chevrolets are performing dependably after ten, fifteen or twenty years of service. That's one reason why there are *over a million more Chevrolets on the road* than any other make.

It gives more for less throughout
Only Chevrolet offers so many performance, comfort and safety features of highest-priced cars at the lowest prices and with such low cost of operation and upkeep. Come in and see it now!

*Combination of Powerglide Automatic Transmission and 105-h.p. Engine optional on De Luxe models at extra cost.

VILLAGE NOTES

BROADMOOR, GARDEN VILLAGE, COLMA
by
Mrs. Mark Swoverland
PLaza 5-4158

Community Church

Broadmoor Community church will have the first of its annual bazaars this Friday night and Saturday afternoon and morning, November 3 and 4. The public is invited to attend.

The services at the Broadmoor church will depart from the usual order of proceedure Sunday morning at 11 a.m. when a movie, "The Second Chance" will be shown. A brief worship service will precede the movie. This film is sponsored by the Presbyterian Church and was made with a Hollywood cast.

Larchmont

Mr. and Mrs. Fredrick Pattison are the proud parents of an 8½-pound baby boy.

Marvix Howard left by plane Monday for Dallas, Texas. He was called there by the death of his father.

Foothill Drive

Jane and Andy Pansini entertained a group of neighbors Saturday night with a Hallowe'en party. The guests surprised their hostess by coming in costume. Those attending were Fran and Frank Dethlefsen, Helen and Bob Easterbrook, Darlene and Walt Brand, and Mabs and Vic Guz.

Ginny Jones, small daughter of Mr. and Mrs. Trevor Jones, is confined to her home with a bad case of bronchitis.

We are happy to report that Mrs. Doris Cook, who has been recovering from a recent operation, is up and around.

Andrew Pansini celebrated his second birthday Sunday evening with a family dinner.

Little Karen Guymon, daughter of Mr. and Mrs. Del Guymon, celebrated her birthday with a party on October 21. Friends enjoying the occasion were Claudia Guz, Kathy and Debbie Levitt, Lynn and Ginny Jones, Nancy Dethlefsen, Caroline and Andrew Pansini and Robbie Zobel. Also present were mesdames Mabs Guy, Vivian Levitt, Jane Pansini, Virginia Zobel, Fran Dethlefsen and Ruth Jones.

Mr. and Mrs. Del Guymon entertained a group of friends at a "Hard Times" party Saturday night. Seasonal games were played and refreshments served. Those attending were Pete and Marvin Inman of Palo Alto, Judy and Stan Wilson, Barbara and Johnny Bodmer, Helen and Grant Holman, all of Broadmoor Village.

Washington Street

Mr. and Mrs. Ed Frye, are the proud parents of a baby girl. She weighed in at 6 lbs. oz. at St. Joseph's Hospital.

Maddux

Pamela Barco, daughter of Mr. and Mrs. Thomas Barco celebrated her first birthday with a party. The little guests all accompanied by their mothers included Suzanne and Robert Cress, Kathy and Grady Proctor, Marsha and Melinda Hart, Kenny and Gary Stettler, Bonnie and David Barco, and Judy and Richard Joseph.

Arlene D'Arcy had a Hallowe'en party Tuesday evening. Little friends enjoying the occasion were Susan Helmar, Marlyn Smith, Paula Baumgartner and Richard Corso.

Wildwood Court

Mrs. Helen Mahoney and her sister Anne May were co-hostesses at a baby shower for Sheila Mahoney. The guests were Myrtle Kell, Lois Courtney, Fleeta Loomis, Freda Sherman, Cecile Grenenger, Dora Eyerabibe, Jean Dalton, Margaret McElhinney, Eileen Park, Pearl Harris, Fleeta Lagoria, Jean Battaglia, Amparo Arejula, Betty Hart, and Ann Surkas.

Garden Village

Mr. and Mrs. W. L. Burdick of Sacramento spent last week end in the home of their son-in-law and daughter, Mr. and Mrs. Hershel Jones. While here they attended the Stanford-Washington game.

Colma

Clark Wetherwax celebrated his third birthday with a family dinner at his home on 89th street.

Mrs. Brown would appreciate some help in stitching (machine work) for 25 kit bags — apron type — for the Red Cross. A lot of 500 has been sent to our county. Mrs. Bartosch of the production department of the American Red Cross chapter has sent 25 kits to our district to be finished by November 15. Mrs. Brown can be reached at PL 5-6246 in the a.m.

Golden Gate Aerie FOE To Hold Benefit Dance

Members of Golden Gate Aerie No. 61, FOE, and the Ladies Auxiliary will give a benefit dance for the Damon Runyon Cancer Fund this Saturday evening, November 4.

All profits from the dance will be sent to the Fund.

The affair is to be held at the Eagles' new Aerie home, 3053 Sixteenth street, San Francisco.

Vocation Day Scheduled For Jeff High Nov. 21

Vocations Day will be held again at Jefferson Union High School on November 21.

Students of the school have already chosen the occupations they want to hear discussed. In addition to the assemblies each student will attend two occupational group meetings. A man or woman engaged in the occupation will explain the work, pay, hours, security, etc. of the vocation. He will also discuss its advantages, disadvantages, training requirements, opportunities for advancement, and other items of interest.

Among the occupations chosen by the students are: agriculture, auto mechanics, architecture, drafting, aviation, building trades, civil service, forestry, radio and television, military and naval service, Coast Guard, police work, highway patrol, metal trades, beauty culture, cashiering, clerical occupations, designing, teaching, photography, receptionist, nursing, telephone company positions, commercial art, cooks and bakers, medicine, dentistry, pharmacy, bookkeeping or accounting and salesmanship. Many asked to hear a general discussion of college and university training.

Stanford Hannah, district superintendent of the local high school is arranging the program and obtaining the many speakers needed.

In addition to the occupational group meetings there will be a general assembly and also separate assemblies for boys and for girls.

Students have shown much interest in the project and eagerly await the date.

Saturday Turkey Whist Open To The Public

Now's the time to get ready for Thanksgiving. With that in mind, come to the Turkey Whist this Saturday evening, November 4, at the Masonic Temple, 17 Hillcrest drive.

Sponsored by LOL No. 118, the whist will get underway at 8:30 p. m.

This is an annual affair which can boast of many years of past success. The public is invited to attend.

Happy Birthdays!

Harry, the "happy baker," wishes the following local residents the best of everything on their coming birthdays:

November 3: Vic Varni, 75 Crocker avenue; Angelo Bemondrui Rt. 1, Box 136, Colma.

November 4: William F. Nichols, 104 Garden lane.

November 7: William L. Rice, 451 89th street; Sandra Storry, 121 Moltke street; Stella A. Wittenbroich, 198 Newton.

November 8: Patrick Whetsel, 140 St. Charles avenue; Al Goodman, Box 153, Colma.

November 9: Janet Spencer, 119 Mateo avenue; Mrs. Mary Hamelt Jr., 201 Price street.

Daly City Man Gives Second Blood Donation

This week Clarence Schmidt, 139 Winchester, gave his second pint of blood to the San Mateo Blood Bank.

Schmidt, who is rapidly becoming a regular donor to the bank, said he is glad to help the veterans and other needy patients by giving his blood.

Those wishing to donate a pint of their blood to the bank are asked to contact the San Mateo County Blood Bank in San Mateo.

Irish Slate Annual Ball November 18

All Irishmen, as well as other residents of the Bay area were invited today to the annual ball of the Irish Republican Clubs of San Francisco Saturday evening, November 18.

Popular American dances, as well as Irish polka sets and other favorite numbers will be featured at the ball to be held in the K. R. B. hall, 1133 Mission St.

Announcements are being sent out to all the Irish organizations in San Francisco and in the Bay area regarding this popular annual event in Irish circles. A capacity gathering of the Gaelic clans is expected.

General Pershing Panel Discussion Huge Success

A panel discussion between parents and teachers of the General Pershing PTA last Thursday proved very successful, according to Mrs. D. C. Gensel, General Pershing spokesman.

A large number of mothers and fathers posed interesting questions regarding school procedure.

That the present school program is a progressive one was answered in the affirmative by Mr. H. Faulkner.

A negative reply came to the question, "Should a child with superior qualities be pushed ahead?"

The matter of student punishment also was voiced. The panel explained that the school code prescribes that a teacher may use any just punishment that a parent would use in similar circumstances.

Members of the panel were Mr. H. Faulkner, Mrs. W. Tergis, Mr. D. C. Gensel, Miss June Gross, Miss W. McGrath and Mrs. G. Freeland.

Mr. James Snell, superintendent of elementary schools, served as moderator.

General Pershing PTA members plan to hold a similar panel discussion meeting in the future.

This week the General Pershing executive board met at the school.

November 8 is the date for the next regular meeting. At that time a ladies' cake baking contest will be staged.

Women wishing to enter the cake baking fun should contact Mrs. G. Freeland or Mrs. R. Traxler by phone.

James L. Snell Choice Of Name For New Garden Village P. T. A.

There's a new parent-teacher association in Broadmoor and Garden Village today, and it is appropriately named after the man who made the Garden Village school possible . . . James L. Snell.

The superintendent of the Jefferson elementary schools was first aware of the honor at the first meeting of the new PTA October 25. At that time Mrs. J. G. Sirex, president of the 17th district, told Snell that his name had been chosen as the one most fitting for the new PTA.

Mrs. Ken Meitz was in charge of the meeting until the new officers were named. These include Mesdames: Hugh Falconer, president; Ken Brugge, vice-president; Larry Green, secretary; Louis Mannis, treasurer; Paul Tabot Jr., historian; W. Beck, parliamentarian. Tom Jenkins was elected as auditor.

Guest speakers of the meeting included: Mrs. Sirex, Snell, Aileen Suber, principal of the Garden Village school; Tom Jenkins and Hugh Faulkner, assistant to the county supervisor of schools.

Mrs. Sirex installed the new officers before a record-sized audience of 134 persons.

Mrs. J. D. Hopper, president of the Colma PTA, acted as hostess.

The James Snell PTA will meet the four Wednesday of every month at 8 p.m. in the Broadmoor Community Center.

Student Leaders Stage Confab At Jefferson High

Student representatives from nine Peninsula Athletic League high schools gathered in the biannual student leader conference at Jefferson Union High School last Saturday.

Student body presidents and school advisers engaged in sectional meetings from 9:30 to 3:30.

Various groups were appointed to discuss certain topics and they assembled in separate rooms to sort out their problems and arrive at solutions.

All was not business, however. From 12 o'clock to 1:30 the students had lunch and then enjoyed a dance in the school auditorium.

Stanford Hannah, Jefferson principal, and Bert Nottingham, Jefferson student body president, opened the day's sessions with words of welcome.

Dr. Carff Wilson, special assistant to President Robert Sproul of the University of California, was guest speaker and he delivered a speech entitled "A Creed for Young Americans."

Nottingham and Richard Valladeo, Half Moon Bay student body president, presided over the presidents' council. Student body responsibilities and procedure were reviewed thoroughly.

Bob Mink and Janice Hungerford took charge of a meeting of the student publication representatives. They compared the methods employed by each school in getting out all school publications.

Beverly Heagney of Jefferson and Sylvia Campinatti of Sequoia ruled over a meeting of the finance department representatives.

Discussion of assemblies and rallies was conducted under the supervision of Frank Weltz of San Mateo and Shirley Huntington of Jefferson.

Andrea Searles of Sequoia and Ann Shoots of Jefferson lead a discussion of extracurricular activities. These included sports and other after-school-hour doings.

John Bollinger of Jefferson and Dick McDonald of Lincoln were co-chairmen of a group that discussed the distribution of awards, scholastic and sports.

Sergeant - at - arms duties were pointed out by members of a group headed by Ed Cereghino of Jefferson and Stephen Israel of Palo Alto.

Interschool athletics was the subject of another group with Dick Firth of Jefferson and Anthony Zerbo of San Jose presiding.

The advisors of the participating schools met under the direction of Llewellyn Reese of Jefferson.

SOCIETY

Job's Daughters Initiate Tonight

Job's Daughters of Daly City will initiate three new members tonight in Masonic Temple at 7:30.

Newcomers include Edith Prescott, Patricia Michelsen, and Patricia Coffee.

JOB'S DAUGHTERS MEET

Jobs Daughters Bethel No. 26 will hold "advance night" this Friday, November 3 at 7 p. m.

The meeting. to which all members are invited, will be held at 2668 Mission street.

Marian Smith, senior princess, is to preside at the meeting.

Legion Looking For Santa Claus (You May Do)

The Broadmoor Post No. 824 of the American Legion and the Lake Merced Post No. 9921 of the Veterans of Foreign Wars are giving a Christmas party for the children of Broadmoor, Garden Village and Westlake.

Today they are in need of some local philanthropist who will let them use his or her storehouse for their Xmas tree sale so that they can sell their Xmas trees . . . proceeds being used for the party. They will need the store from November 26 to December 24. They will insure the store and its fixtures and pay for any damages to it (whoever heard of damaging a store while selling trees).

This is a worthwhile enterprise undertaken each year and they plan to give away over a thousand Xmas stockings to the local youngsters.

Anyone interested in helping them out please contact either Ray Logan at PLaza 5-4556 or Jack Kelleher at PLaza 5-2949.

Broadmoor, Colma Daly City Groups Back Whitmore

Three committees are spearheading the drive in the northern part of the county to elect Earl B. Whitmore the first new sheriff in San Mateo county in nearly a quarter of a century, Wilbur A. Bishop, Whitmore's campaign manager, announced today.

Heading these committees are Thomas Jenkins, prominent Broadmoor attorney — Broadmoor, Colma, Daly City area; Robert McWhorter, commander of the 26th district of the American Legion and past commander of the South San Francisco American Legion post — South San Francisco; and Mrs. Margaret Sowle in Bayshore City.

In keynoting the feeling of many San Mateo county voters, Perry A. Bygdnes, general chairman of the "Whitmore for Sheriff committee," said, "In June a majority of San Mateo county voters apparently voiced a clear-cut desire to see a change in the administration of the Sheriff's office. A period of 24 years in one office by one man is a long time and I feel that it is time to change. In Earl Whitmore we have a candidate well qualified and able to properly administer the duties of the Sheriff's office."

"Even though it is apparent that Whitmore is continuing to gain support and strength throughout the county and especially in the northern section," Bishop said, "everyone of his supporters should continue to exert their utmost efforts to assure his election on November 7 and give San Mateo county a sheriff who is active, experienced, capable and willing to enforce all laws equally and impartially."

Whitmore has been endorsed by labor groups in San Mateo county, many of the county's leading men and women, by a majority of the daily newspapers and several of the leading weekly newspapers of the county.

Crocker PTA Holds Successful Events

Mrs. Carl Berg, president of the Crocker PTA, reported today that the recent telephone whist was a "huge success."

The whist was held at the homes of Mesdames: William Hobbs, Herman Kohlbrenner, James Jordan and Ben Trotter.

"I wish to thank all those who participated in the whist, as well as those who made it posible," Mrs. Berg said.

The apron luncheon held at the home of Mrs. Mary Wakefield October 24 was also a grand success. The price of the lunch was one apron. They are to be sold at the Crocker Bazaar December 1.

Those who atended were Miss M. Tobias, Miss G. Kearney, Mrs. Plumb, Mrs. B. Kohlbrenner, Mrs. E. Hobbs, Mrs. M. Wegner, Mrs. E. Berg, Mrs. Wittig, Mrs. W. Parshall, Mrs. F. McKay, Mrs. O. Bordson, Mrs. Cora Bruhns, Mrs. C. Freeland, Mrs. D. Traxler, Mrs. J. Jordon, Mrs. Colby, Mrs. E. D'Isep, Mrs. A. Anderson, Mrs. E. Wallace, Mrs. B. McElwee, and Mrs. F. Haussler. Also little Miss Sharon Jordon, and Master Stevie Traxler.

Those who sent aprons but were unable to attend were Mrs. McReynolds, Mrs. Muller, Mrs. Vicain, Mrs. Ross, Mrs. Schober, and Mrs. Clarke, all teachers at Crocker School. Also Mrs. A. Eason, Mrs. M. Soreson, and Mrs. E. Jordon.

Gen. Pershing PTA Turns Thumbs Down On Propositions

The General Pershing P. T. A. board meeting of October 26, held at the school, proved to be a success.

This gives the principal, Miss Winifred McGrath, a chance to attend the meetings. It is hoped the needs of the children and a closer cooperation between the school and the Unit can be obtained in this way.

Hostesses for this meeting were Mrs. John Eason and Mrs. D. C. Gensel.

The resignation of Mrs. B. R. Young, recording secretary and membership chairman, was accepted. Elected as the new recording secretary was Mrs. H. H. Smith. Mrs. John Benanti was appointed membership chairman.

The year 1950-51 budget was submitted by Mrs. Benanti and approved.

"We are planning a Telephone Whist during the week of November 13-17," announced Mrs. George Freeland, chairman of the Ways and Means committee. "If you would like to play, please call me at DE 3-2187. Names will be taken at the next regular meeting, November 8." A definite date will be announced later.

Room mothers are now meeting with the executive board and at this meeting Mrs. Bruna McKenna, Mrs. Howard Derham and Mrs. G. A. Blackburn were present.

Assisting the school nurse, Miss June Gross, with the eye test during the past week, were Mrs. Richard Traxler, Mrs. Howard Derham and Mrs. Joseph Arroyos, members of the PTA from General Pershing.

The PTA is urgently asking for a NO vote on Props. 1 and 6. Attending the 17th District meeting of the CCPT were Mrs. James Jordan, Mrs. Lyall Ingersoll and Mrs. A. W. Lauffenburger. At this meeting the above Propositions were carefully explained.

Calico Clickers Hold Halloween Party In Advance

Attired in costumes appropriate for the event, the folk-dancing Calico Clickers celebrated an early Hallowe'en with a party last Thursday, October 26, at Castle Hall.

The Clickers presented Curly McArdle with a surprize gift for his many contributions to the group.

A box-lunch social concluded the evening's activities.

Several members of the Calico Clickers entertained recently in a special exhibition of folk dancing at the Masonic Club's dinnerdance.

Muriele Pabst trained the group, while Ray Pabst acted as master of ceremonies.

Members who participated were Anita and Curly McArdle, Margaret and Dick Archer, Ewelyn and Bud Penzel, Elsie and Frank Prisco, Vi and Earl Prigmore, Rozell and Joe Reginelli, Willie Heath and George Harris.

Folk-dance followers are cordially invited to attend the next Calico Clicker party, November 11, in Castle Hall.

Children's Classes Offered At Church

The Parish Education Committee of the Lutheran Church of Our Savior, Garfield and Junipero Serra boulevard, announces the opening of Catechism classes for children.

The Rev. Robert G. Konzelman, B.D., pastor of the church, personally conducts these classes, giving intstruction in Bible history and Catechism (i.e. Biblical truths in question and answer form).

There are two classes every Saturday morning: for seniors (children ages 13 and 14) at 9 o'clock, and for juniors (11 and 12 years of age) at 10:30.

Further information is gladly given by phoning the pastor at JU 4-8501 or JU 4-0293.

Eagles Plan Folk Dancing Saturday Night

In an attempt to bring out all members who are interested in folk, square, or old-time dancing, Colma - Vista Grande Aerie No. 1848, Fraternal Order of Eagles, has arranged to hold its first class for folk dancing on Saturday night, November 4, at the Aerie Hall on San Jose avenue.

Instruction in the most popular folk and square dances will be given by Mr. and Mrs. Raymond F. Pabst, who also conduct classes for the Daly City Recreation Department, from 9 until 11 p.m. All members who are interested in taking part are requested to be at the Aerie Hall before nine o'clock in order that instruction may commence promptly at that hour.

Further information can be obtained by calling Tom Rae, secretary, PLaza 5-1669.

Rae stated that "this was an attempt to supply some recreational activity for the members, and that future classes would depend upon the response given to this endeavor."

Halloween Costume Winners Named

Some 100 children Hallowe'en night enjoyed the party at the Peoria street scout house, Mrs. Mary Larson, chairman, reported today.

The majority of the youngsters appeared in costume. Those given prizes for the best costumes included: Joanne Morris, dressed as a gypsy, for the prettiest costume; Susan Alexander, decked out as "The Kid" for the funniest costume; Diane Rosa as an Indian princess for the fost original costume.

Following the costume parade, the children played various games and partook of the refreshments.

Assisting Mrs. Larson were: Mr. McReynolds as master of ceremonies; Mrs. Dorothy Carr and Mrs. Evely Smith.

- First contestant for this office since 1906

Broadmoor Community Presbyterian Church Opens Fund Drive For New Bldg.

Hoping for a real Thanksgiving service, members of the Broadmoor Community Presbyterian church this week launched a drive to raise funds for the first unit of their new church.

The drive, which started November 1, will continue until November 19. After that it is hoped that enough money will be raised to allow both a real Thanksgiving service November 22, and ground breaking ceremonies shortly afterwards.

The Rev. John Glasse said the first unit of the church will be built at a right angle from the present sanctuary facing on 87th street. The building will be a three-story affair to house the social activities of the Broadmoor community.

At some later date a new sanctuary and administrative building will be constructed.

Some 15 teams of two men each have been organized to collect the funds for the new building, Rev. Glasse said. The men will be given instruction during the coming weeks and will call for funds November 19.

In conjunction with this drive there will be a special film shown at the church at 11:15 a.m. this Sunday. Made in Hollywood, the film is entitled "Second Chance." The public is cordially invited to attend.

Lutheran Leader To Speak Sunday

The Rev. J. W. Behnken, D. D., president of the Lutheran Church, Missouri Synod, will deliver the address at the Reformation Service next Sunday at 4 o'clock at the Scottish Rite Auditorium, at Van Ness and Sutter.

A mass choir of more than 100 voices will sing under the direction of Prof. A. H. Wessling.

"Record" Reminiscence

From the "Record" 10 Years Ago
October 30, 1940

Barbara Foreman and Bob Capps, popular Jefferson Union High School seniors, have been chosen as speakers for the graduation class of January 1941. Brief addresses also will be presented by Norma Barker, senior president, and Bill Rigler, student body president.

Paul G. Green, class of '32, was elected president of Jefferson Union High School's Alumni Association at an organization meeting Monday evening. Roy Wilson was elected vice - president; Elayne Wadiker, secretary; Pete Markovich, treasurer, and Bob Baird, sergeant-at-arms.

Most popular place in town this week is the basement of the city hall. There are posted several sheets of legal-sized paper covered with serial numbers of the 3029 men who registered in District 103 for the national draft last Wednesday.

Rapidly becoming the most unpredictable eleven in the P.A.L., the Bearcats of San Mateo High school dampened Jeff's Huskies as they stamped out a 26-7 victory, Friday. Orchids go to half Bill Lekoff and to end Herb Poddig, who stood out on defense.

Today's newspaper story about National Girl Scout Week was written by a Girl Scout, Alice D'Isep, member of Troop No. 1. Only twelve years old, Alice is a student of Crocker school.

Mr. and Mrs. Clarence A. Erickson of Daly City are the proud parents of a son, born October 4 in San Francisco.

Mr. and Mrs. Virgil M. Darnell, 48 Miriam, are receiving congratulations on the birth of a son re-

Old Glory Post Has Busy Week Of Activities

Past-president and Past-commander Night featured a busy schedule of activities of Old Glory Auxiliary 2044, V.F.W., last week.

Several visiting V.F.W. Auxiliary members from peninsula cities joined Old Glory members in honoring ten former commanders last Friday evening at Masonic Hall.

Past-presidents feted were Ruth Brulez, Ethel Dorn, Rose Doolin, Bonnie Ellenwood, Eleanor Cochran, Elsie Ireton, Margaret Krull, Clara Poket, Lorraine Schneider and Murial Walsh.

Among the visitors were Doris Panghorn, 20th District president from Weed; Billie Bigley and Dorothy Brown from San Mateo; Ellen Mae Crowley, Esther Givins, and June Johnson, from Tanforan, Burlingame Auxiliary No. 2517; Genevieve Clark, Reba Ghist, Joselyn Walch from San Bruno; Lee Casselberry from Major J. Lane No. 344, San Jose; Leona Bertolucco, Pvt. Fay Wyman No. 888 of Santa Cruz; Mary Rudd, Alice Foulks, from Cpl. James L. Wilson No. 2310, Redwood City; Gwendolyn Hole from Junipero Serra No. 7216, South San Francisco; Lillian Faber, General Jacob Smith No. 83, San Francisco; Blanche Allen, Luneta No. 52, Stockton. Mesdames Panghorn and Allen are former Old Glory No. 2044 members.

Bob Johnson of Matalan Post No. 2068 entertained with several comical renditions of various popular songs.

Refreshments were served in the banquet room.

Seven Old Glory members visited Lake Merced Auxiliary, V.F.W., Tuesday in Broadmoor.

Making the trip were Marjorie Johnson, Ethel Dorn, Mary Conti, Bonnie Ellen wood, Marie Gehrig, Clara Poket and Catherine McKeown.

Ethel Dorn helped install a new senior vice-president and the new junior vice-president of the Lake Merced Auxiliary.

Tuesday evening, Mesdames Dorn and Johnson attended a V.A.V.S. advisory meeting at the Palo Alto Veterans' Hospital. Plans were started for Christmas parties for the men in the wards.

SOCIAL SECURITY

By EDWARD J. FOLEY
Manager of the San Mateo Social Security Office

A farmer came into the San Mateo Social Security office the other day and said: "I've heard that the new social security law covers farmers. I operate a farm on the coastside."

Well, some farm people will come under social security on January first—but not farm operators. They will continue to be excluded because farm self-employment is not covered under the amended Social Security Act. Hired farm workers, however, will come under social security the first of the year, if they earn $50 or more cash wages in a calendar quarter and are regularly employed by one farm operator.

If I were addressing you in a hall, at this point, there would be a number of raised hands. First, you'd want to know what is meant by a regularly employed farm worker. Well, under the new social security law, in general, he is a person employed by one farm operator on a full-time basis for a period of several months. Now to answer the second question I know you would ask. A calendar quarter is a three-month period beginning on January 1, April 1, July 1 and October 1.

But back to the subject of a regularly employed farm worker. Let's take a typical example. We'll call such a farm worker Ed Smith. He is employed by Howard Jones. Ed has heard about the new social security, too. He has a wife and children, and he's looking forward to January, when he can start building toward old-age and survivors insurance. Fortunately for Ed, he is in a position to do just that. He will be working continuously for Jones during the calendar quarter beginning this October. During that time, he will be establishing what is known as a "service relationship" with Mr. Jones. It will indicate that he wants to work continuously for this one farm operator and that Jones wants him as a regular employee.

Now let's look forward to January first. That's the date when regular farm work begins to count toward social security insurance. Ed will be qualified. However, he must work for Jones on a full-time basis for at least 60 days in the calendar quarter beginning on January first. Moreover, he must earn not less than $50 in cash wages for his work on those 60 or more days. As long as he continues to do this much work for Jones in each calendar quarter, and earns $50 or more in cash wages for his work in that quarter, his earnings will be credited toward old-age and survivors insurance.

But suppose in the calendar quarter beginning April 1, or the one beginning July 1, or in any calendar quarter after that, Ed doesn't work as much as 60 days for Jones, although he was paid $50 or more cash wages for that period. He will be credited toward social security insurance for that quarter but not for the one to follow, regardless of days of work and amount of cash wages. That less-than-60 days of work broke his continuous employment relationship with Mr. Jones. Ed must start all over again.

What this all means is that a farm worker, to have his cash wages count toward old-age and survivors insurance, must: first, work continuously through a calendar quarter to establish a service relationship, then be continuously employed by the same farm operator, and earn not less than $50 cash wages for 60 or more days of work in each consecutive calendar quarter.

In my next article I shall describe the kinds of work that are classed as farm work under the amended social security law.

3,000 Children Attend Parties

Halloween was a quiet, well ordered holiday in Daly City this year, thanks in no small part to the Recreation Department's Halloween parties.

Some 3,000 children attended the various parties held from 7:30 to 9:30 p.m. Halloween evening in every section of Daly City, Broadmoor and Westlake.

Police, who report only one false alarm, noted today that this year's Halloween was the best ordered in history.

"Many civic leaders made the parties possible, but a good part of the credit must go to Elman Rose, director of recreation, for his fine supervision," Police Chief W. W. Sunderland said today.

Assisting Rose were Erle Johnson, Mrs. Lois Adami and Mrs. Hilda Dennis.

Members of the Halloween committee included: Mesdames Adami, Berg, Julia Bertetta, Mary Calegari, Helen Cheatham, Hilda Dennis, Ann Eason, Carol Freeland, Anne Ingersoll, Mary Larson, Mary Lauffenburger, Lee Miller, Raymond Pabst, Sue Schroeder, Eleanor McDougal, Jean Denning, Virginia Stanley, R. Ennis, and Regina Warchot.

Also taking an active part in the parties were: John Reynolds, Bucky Linhares, Glen Smith, Bill Tergis and Don Pagani.

Checking the attendance, Rose reported 500 children were at the Jefferson High School cafeteria, 250 at the Jefferson High school Little Theatre, 550 at OLPH, 350 at General Pershing, 100 at the Peoria Scout house, 100 at Bellevue hall and 300 at Castle hall.

Auto Sales Hardest Hit In DC By New Credit Controls

The government's recent tightening of credit controls is being felt in Daly City, a spot check revealed this week.

There has been a varied impact on sales resulting from stiffer installment buying terms here, but in one way or another it has effected almost every buyer and business man. The same general effect has been felt thruout the nation.

As one local merchant explained it:

"The average income in Daly City will allow only credit buying when it comes to items costing $100 or more. With the credit controls, a family just doesn't have enough ready cash to make the larger required down payments.

Confusion

Confusing the general picture is the fact that many people have made delayed purchases because they fear more controls, automobile model changeovers, color television uncertainties and war shortages.

One dealer reports television sales are down as much as 10 per cent. However, another Daly City merchant reports that his sales of television sets have gone up, as people attempt to beat the November 1 federal 10 per cent excise tax.

Hard Hit

All agree that stores specializing in credit sales on low or no down payments and a long time to repay have been hardest hit by the controls. With raising their requirements, the stores have simply priced out their usual customers. This has not been felt so much in Daly City as in larger stores in San Francisco.

The biggest "moan" has come from automobile dealers, who claim the higher down payments and monthly terms have cut their sales as much as 20 per cent. However, one dealer asserted that this was not all due to controls.

"In our business we can usually expect a slump in October," he said. "Part is due to changing of models, and part from the season."

Household Goods

So far there are only scattered reports of loss of furniture sales and other household goods.

The majority of merchants agree that the picture is bound to get a little better as the Christmas season approaches and buying starts on the upgrade again.

EAGLES AUXILIARY PLAN BAZAAR

Last-minute arrangements were being made this week for the annual Colma Vista Grande Auxiliary No. 1848, FOE bazaar to be held November 10 to 11.

Booths of all descriptions, as well as many items for sale will be featured at the bazaar to be held in Eagles Hall, 3346 San Jose avenue.

Highlight of the vent will be a turkey dinner to be served on Sunday from 4 to 8 p.m.

More details will be found in next week's Record.

Sacramento county is one of the original 27 counties of the state.

Auxiliary To Hold Turkey Whist Party

One way to corner that turkey for Thanksgiving is to attend the big Turkey Whist to be given by the American Legion Auxiliary No. 410 November 15.

The public is invited to attend the whist which will be held in the Legion hall, 474 San Diego. Starting time is 8:30 p.m.

In addition to giving away a turkey, the Auxiliary also promises many other fine gifts.

Meanwhile, Mrs. Leslie Hansen, new 26th District president, was the guest of honor at the meeting of the Auxiliary October 20.

Mrs. Florence Kelly, past department president, gave a brief report on the national convention.

Attending this meeting were some 80 Auxiliary members and friends.

Hostesses for the evening were Mesdames: Mary Gilbert and Erma Magnuson.

UNBEATEN JEFFERSON ROLLS ON

Indians Tommyhawk Burlingame Panthers, 25-7; Gallagher, Line Brilliant In Fourth Victory

ROLAND, HARRISON, McCOOL, BAHER, GONELLA STAND OUT IN CONTEST

By ROY HURLBERT

Jefferson Union High's Indians catapulted into co-leadership of the Peninsula Athletic League with Palo Alto's Vikings as halfback Bobby Gallagher's herculean job and an equally mighty feat by a staunch Indian line coupled to slap Burlingame 25-7, Friday night on a rain-soggy Panther field.

Victory was the local's fourth without defeat, the last three in PAL action. Palo Alto also has a perfect 3-0 league slate.

Injuns Really Dominate

Coach Glenn South's stampeding gang completely victimized the Panthers. The 18 point verdict might have been larger had not penalties nullified other Indian drives.

As it was, the undefeated Jeffs did enough to the hapless Blingums.

Blingums Go Backwards

Elmer Schaake's crew was manhandled by the Jefferson defense. Panther ball-carriers found out early that they had no place to go. Except backwards.

A look at the yardstick reveals that Burlingame wound up with a minus 28 yards from scrimmage. The losers got 30 yards on runs in four quarters, but owed yardage by losing 58 yards on the ground.

Blingum's five pass completions in nine attempts gave them some solace. Their aerials were good for 65 yards. Add 'em all up and Burlingame had a total-yards-gained figure of 37. Not much!

Gallagher Was Superb

Halfback Gallagher accounted for more than half of Jefferson's grand total of 278 yards gained. Rapid Robert packed the football 31 times for 154 yards and two touchdowns. That's 4.9 per carry.

For good measure, the 155 pounder completed two of four passes for 56 yards.

Forced to use only four basic running plays, because of the turf, Jefferson followed the pattern nicely. They got their initial touchdown five minutes into the fray, tallied early in the second period, and pushed over two more six-pointers in the last five minutes of the contest.

Panthers Score on Break

Burlingame's sole tally came on a break thrown their way in the fleeting minutes of the first quarter. This was one of many chances Jefferson was to offer.

The Tribe fumbled six times, but Burlingame couldn't go anywhere, anyhow. Twice the Blingums had first downs within the Indian 30 yard line, but Jeff's forwards halted them each time.

Pat McCool set the stage for Jeff's first touchdown. The two-hundred-pound senior blocked a fourth-down Panther punt on the 14 yard line. Just before this, Burlingame had returned Baher's game-opening kickoff to the Panther 12.

Bob Plows Over

Jeff went right to work. Gallagher took the hide four out of five plays and the Indians had a touchdown. Bantam Bob skirted his own right end from one yard out for the score. Bryan McMahon's PAT attempt was wide. It was Jeff, 6-0, with ten minutes left in the first quarter.

Burlingame bounced right back with what proved to be their one and only good drive of the day. Taking Baher's boot on the 28 the Panthers started to prowl. Rich Harrison twice, Floyd Gonella, Dave Cafferata, Vic Baher had a hand in stopping runs for losses, so the Panthers took to the air. Three successful passes thrown by Duffy Sullivan brought them to the Jeff 30.

Dave Grabs Fumble

But their flury fizzled two plays later when the ever-present Cafferata pounced on a fumble and the Indians took over on their own 26.

Gallagher and Ray Tschirgi ran for 6 and 4 and a first down to the 36. Ray Espinoza was hit hard on the next play on an end sweep and the pigskin got away from him.

It was McCool, Harrison, and Gonella, in that order, making tackles on frustrated Panther backs for no gain. Espinoza made it two miscues in a row when he bobbled the Patnher punt on his own 15.

Blingum's Pass for Tally

This was the opportunity Burlingame didn't miss. Panther QB Sullivan passed complete to Jerry Ridley on the Jeff 12 and the latter lateraled to Terry Ross, who scampered over the goal line. Bob Epstein converted and the host eleven had a 7-6 lead.

On the ensuing kickoff, Tschirgi rolled 14 to the Indian 32.

TD Called Back

In two ground shots, the Jeffs landed on their own 48. A well-executed 52-yard touchdown play on a Tschirgi lateral to Max Kliem was erased by an illegal forward pass ruling. Tschirgi broke off tackle in to the Panther secondary and flipped to Kliem, but the officials flagged Max down as they claimed Tschirgi's toss was forward.

Jefferson didn't let that discourage them. With Gallagher and Tschirgi dividing the chores, the Gold and Blue machine rambled on seven plays for 34 yards to the Burlingame 23. There they surrendered the ball on downs.

Tschirgi for Six Points

Not for long, though. After the Panthers picked up 4 on a sneak, Harrison fell on a fumble and Jefferson was threatening once more. Gallagher galloped 15 around end, Tschirgi went 3 to the 2. Gallagher got to the 1 and Tschirgi ended it with a paydirt plunge for 12-6. Stocky McMahon missed the extra point kick.

Almost Another Score

Jefferson probably would have made another TD before the intermission had not time run out. As the ball changed hands when Burlingame failed to gain, Jeff's Dave Nathan returned a Panther punt to the 49. The clock ticking away, Gallagher passed on second down 24 yards to Jack Wilson on the 14 and he wrestled to the 3 as the gun sounded.

The Tribe must have felt sorry for Burlingame for they fumbled twice in the third quarter deep in Jefferson territory. The first bobble came on the Jeff's first play after the kickoff. Kliem let loose of the hide on the 36 and the Panthers grabbed it.

Jeffs Bobble, Too

Keeping in form with their first half custom, the maroon-clads got absolutely nothing. On fourth down, with 19 yards to go on the Jeff 45, Bob Ritzau punted into the end zone and Jeff had possession on the 20.

Tschirgi fumbled two plays later when smacked hard on the Indians 18.

Tschirgi Sprint Called Back

Burlingame was in business again, but Jefferson wasn't buying. Anyway, after three runs and an incomplete pass, Jefferson took over on downs on the 17.

Tschirgi, a 160-pound driver, streaked 57 yards on a spectacular run to the Panther 26, on first down, but again the whistle tooters chirped and Ray's effort was cancelled. Seems that Jeff's backfield was in motion on the play. So the officials ruled.

South's lads then put together the longest sustained march of the game, going 73 yards on 14 plays to the Burlingame 15. The Indians lost the hide on downs there as the third quarter elapsed.

Burlingame managed 7 yards on 3 downs and then that man again, McCool, nailed a Panther on the 2 for a 20-yard loss. Jeff threw an eight-man line at the Panthers on fourth down but Burlingame's punt from the end zone stopped dead on the Panther 35.

Fisticuffs Bench Duo

End Charlie Leider slugged fullback Tschirgi on the next play and both boys were ejected by the officials. Hal Tienken, subbing for the departed Tschirgi, lost two on a recovered fumble at the Burlingame 37.

Gallagher dashed 7 to the 30 and then threw an easy 17-yard pass to Wilson on the 13. In 8 plays, with Gallagher toting 6 of 'em, Jefferson landed for another TD. Gallagher, a pretty tired youngster, did the damage on a plunge of 1 over right tackle. Bryan McMahon kicked high and straight for the extra point and Jeff had a 19-7 advantage.

With four minutes remaining, Burlingame took Baher's kickoff on the 14 and came back to the 32.

Gonella Finds Pigskin

Third down and 5 to go on the 37, Gonella submarined a Panther runner and grounded a fumble.

Gallagher, Tienken, and Kliem shared 5 carries and Jefferson had its second TD in five minutes. Tienken boomed up center for the tally. McMahon's kick was wide but it made no difference. One minute to go and Jefferson had it, 25-7.

South Appraises

Chief South thought his unbeaten bunch did a good job.

"We only used about four basic plays all evening, but that's all we needed. My line played terrific ball, particularly on defense. Roland and Harrison were outstanding. Cafferata and Gonella and the rest of the line were plenty rough."

SF Gaters Edge Chico State For Far West Lead

San Francisco State's Gaters took over undisputed possession of first place in the Far West Conference Saturday night in nudging a strong Chico State eleven, 15-6, at State's Cox stadium.

Joe Verducci's outfit now has a 3-0 record in league games and an overall 4-1 slate for the campaign. State's only setback was to Whittier, 41-20, two weeks ago.

The Gaters whipped Chico State the hard way. They were in arrears 6-2 going in the final quarter and came back with two touchdowns.

The Gaters lead at half time 2-0 on a first-period safety. Chico's tally came early in the third quarter.

Rudy Smith put the Gaters ahead 8-6 by taking a six-yard pass from quarterback Tom Ripa in the end zone. Warren Allbee converted.

Bruising Walt Jourdan ran ten yards for San Francisco's final score a few seconds before the game ended.

Tomorrow the Gaters put their unbeaten league skein on the block at Davis where they meet the California Aggies. The Aggies bumped Humbolt 40-2, while Verducci's crew beat the same team, 53-0.

In no-count games, the Aggies dropped encounters with Occidental, Standford Braves, and Whittier. Whittier defeated them 27-7 and the Gaters fell to the Poets by 21 points.

Rain Halts 0-0 Deadlock Between Braves-Palo Alto

Jefferson High's Braves only played half a football game with Palo Alto's frosh-soph Vikings last Thursday as rain intervened at half-time and the encounter was called off.

Although neither side scored, Coach Joe McGrath's eleven dominated play beyond doubt. First time they had the ball the Jeffs traveled to the Paly five but fumbled.

Again in the second quarter, the Braves were in scoring territory but they fumbled again on the enemy 10.

McGrath indicated his team looked considerably improved over last week's loss to Burlingame. The former St. Mary's Gael said his boys tackled better than ever. He didn't think the Paly squad was as tough as Burlingame, however.

McGrath liked the work of veterans Stan Davis and Dave Martinez up front, and the drive of halfback Mario Leveroni.

The Braves and Vikings were scheduled to replay the deadlock yesterday at Palo Alto. Next Thursday, McGrath's gridders host Sequoia on the Jeff field at 3 o'clock.

South Starts Plans For Night Cage Loop On Jefferson Courts

Jefferson athletic coach Glenn South got the ball rolling for the annual night basketball league at the high school early this week.

South sounded the call with a request that all persons or teams desiring to enter the "Young Men's League" should contact him immediately.

Games will be played on Tuesday and Thursday nights in the Jefferson gymnasium. Two contests will be staged each evening.

Last autumn, eight teams from the school district competed in the night league.

South welcomes all entries and teams from within the Jefferson school district, with age requirements — high school and up.

He can be reached at PL 5-2511 or in the Jefferson physical education department.

San Mateo J. C. Meets John Muir In Rose Bowl Tilt

Herb Hudson's San Mateo Junior College Bulldogs go to the Rose Bowl tonight!

But it's not a post-season spectacle, just an intersectional non-conference duel with John Muir College of Pasadena.

Midway through their campaign, the Bulldogs have an unimpressive record to date. In four games they have emerged with but a single triumph.

San Mateo started off the season with a 33-13 lacing of College of Marin. In consecutive weeks, they lost to Stockton, 18-13, Glendale, 25-13, and Hartnell, 19-13.

Last Friday's traditional skirmish with City College of San Francisco's Rams was rained out.

After tonight's Rose Bowl engagement, the Bulldogs face Modesto J.C. at Modesto, Monterey College in Burlingame, and Menlo at San Mateo.

JEFF 20s PRESERVE WIN STREAK; 10s TAKE FIRST VICTORY

Mike Orlich's undefeated 120-pound Jefferson basketball quintet continued its winning ways last week with a 49-21 rout of the Half Moon Bay 20s on the Jeff courts.

The 10s won their first league game with a 32-11 triumph over the HMB lightweights.

The 20s are unbeaten in three Peninsula Athletic League games and are co-favorites with Sequoia for the title.

Jeff's 10s have annexed one out of three contests.

Orlich used his second stringers in the second half in the 20s victory over Half Moon Bay. Forward Leon Jansen and Ray Record shared scoring honors with nine points each.

Larry Villar paced an improving Jeff 10s team with ten digits.

Jefferson's two squads met Willow Glen yesterday at home. Next week, the 10s and 20s travel to Sequoia. Final outcome in the 20s race could be decided then.

Orlich thinks the Lincoln 10s will capture the top spot in that weight division.

City College Rams Go Against Touted East L. A. Tonight

City College of San Francisco's Rams tangle with perhaps one of the strongest junior college teams in the West tonight in a non-conference clash with the East Los Angeles J. C. Huskies at Kezar Stadium.

The southern eleven, champs of the Metropolitan Division of the Los Angeles area last season, won 15 straight before a powerful Long Beach aggregation beat them last week.

Grover Klemmer's Rams don't seem to be going anywhere in the Northern California Junior College Conference this year.

Although they didn't finish far behind, the Phelan Avenue outfit has dropped two NCJCC Southern Division games. Their only victory was a 53-7 rout of oft-defeated Vallejo J. C. Los Angeles City College dumped them, 21-6.

Menlo downed the Rams, 24-0, while undefeated Monterey J. C. took the Klemmermen, 27-19.

Tonight's kickoff is at 8 o'clock.

Gelsi Nine Fails To Hit In Clinch, Lose To Syl's, 2-1

An unearned run and inability to hit in the clutch meant defeat for Gelsi's Cavern Sunday, their second straight loss, at the hands of Syl's Service, 2-1, at Marchbanks Park.

The National League Double A contest was a pitchers battle between Red Dunn and Billy White.

Syl's scored in the first inning on an error and a triple. Gelsi's tied it up in the third, but the gasmen dented the plate with the clincher in their sixth inning.

Gelsi's rallied in the ninth after White walked the first two men to face him, but the Liquor nine couldn't get the runs across.

Dunn issued five free passes, seven hits, and struck out six. White walked three, struck out nine, and yielded but four hits.

Syl's win placed the service station nine into a four-way deadlock for first place with Double Play, SFAC, and Tufo Jewelry.

Gelsi's, with a 1-2 league record, takes on the Galli Furniture team this Sunday in Marchbanks Park at 2 p.m.

SOUTHWESTERN ARBORETUM

Southwestern Arboretum, located between Florence Junction and Superior on U. S. 80 in Arizona, is reported by the National Automobile Club to be a unique wonderland of plant life. Founded by the late William Boyce Thompson, the arboretum contains ten thousand varieties of plants from every continent.

Paul Viola Hurls One-Hit Win For Satan AC Victory

Pitcher Paul Viola missed the sandlot hall of fame by a single hit last Sunday when Satan A.C. blasted Marie's Place, 12-1, at Ocean View, in a Class A Pacific Coast League game.

Aldo Canepa spoiled Viola's spendid effort with a single.

Satan AC drove started Bert Burton from the mound in the first inning. Charley Donely took over, but he, too, was ineffective against the big bats of the boys from down under.

Manager John Sartor's club slammed 13 hits off the offerings of Marie's two hurlers.

Second baseman Sartor lead the parade himself with three for four. Four other Satan batters got two hits each.

The win for Satan AC was their second in three league tilts. They resume action Sunday against the San Francisco Padres on the Potrero Hill diamond at 2 p.m.

Sarto AC Loses To Ocean View Merchants, 4-2

Sarto AC dropped to fourth place in the Golden Gate Park Double A League last Sunday, losing to the elements and the Ocean View Merchants, 4-2, at Marchbanks Park.

Don Mossi and his mound rival Bob McGovern battled evenly for seven innings at 2-2, but in the eighth and final frame the end came quick.

The Merchants got two men on base and a subsequent outfield fly fell safely as Don Lunghi slipped on the wet grass in chasing the horsehide. The runners scored and that was the ball game.

Mossi scattered seven hits over the route, McGovern, a former City College hurler, checked Sarto AC with eight hits.

Johnny Olcese and Fred Sims collected two hits each.

This Sunday at Marchbanks Manager Vic Baher Sr. will send either Johnny Rubsic or Mossi against Gordon Realty at 2 p.m.

Other G.G.P.L. results Sunday found Les Vogel taking the league lead with a 5-0 win over Lucky Lager. Vogel's haven't lost a game in four starts.

Eddie Cereghino of Mike Chiono's lost a 6-0 shutout to Foster's. Marty The Geary broke into the win column with a 2-0 conquest of Gordon Realty. La Scala Restaurant and Molkenbuhr Brothers stalemated at 9-9.

Cub Pack Backs Lions Xmas Drive

Extending the first helping hand in the Lions drive to get food and toys for needy families at Christmas, Cub Pack No. 63 this week offered its assistance.

Members of the Pack have agreed to bring cans of food stuffs to each meeting from now until Christmas. When they have completed their donations, the food will be distributed by Daly City Lions to families who might be overlooked by Santa Claus.

Al Lyons, leader of the Pack, said all his boys readily agreed to help the Lions worthwhile efforts.

Not so ready with assistance have been other residents of Daly City. Hal Willis, one of the Lions in charge of the Christmas drive, reports that he has not received one call offering assistance.

If you want to help bring a family joy at Christmas time, call Willis at PLaza 5-5261. Gifts of used toys and clothing are most welcome.

OFF THE RECORD

By Roy Hurlbert

INDIANS UP FRONT

Jefferson's Redskins are in an awkward position today. They're perched atop the Peninsula Athletic League heap along with Palo Alto. And the Jeffs like it fine.

One odd thing, though. Who would have thought Glenn South's outfit would be where they are right now? Very few.

Not many people foresaw Jefferson at the top of the deck at all. The Vikings, yes, but the Tribe, no, no.

After all, South switched from his customary T teachings to the single wing. So the public observed. When a coach changes systems, you don't usually jump on his bandwagon until you've seen what he's got. Just like rating a thoroughbred. You can't predict how far he'll run until you've tested his capabilities.

Well, Jefferson has had four workouts to date, and the Indians have impressed the clockers.

Not Much Trouble

In three of four conquests, the Indians have had things pretty much their own way. Under control. Mountain View, a non-league foe, was knocked off without too much difficulty after the locals got going. Sequoia and Burlingame just couldn't cope with Jeff's bruising line. Not to speak of the backfield.

South's boys grew up with their 20-12 triumph over San Jose two weeks back. To be sure, that was a toughie. The Bulldogs outplayed the Jeffs, but they couldn't outscore the Tribe. That's all that counts. The outcome of the Battle of San Jose, elevated Jefferson in stature. They beat a good team. And they proved they can hold their own against the best the league has to offer.

Schedule Is Goofy

Jefferson's schedule presents an obstacle in itself. It's an unusual slate these directors of the P.A.L. drew up.

The Tribe opened at home against Mountain View. After their 20-9 win, they hit the road for four engagements. That's a disadvantage, if there ever was one.

Next week the Indians return to their reservation for a pow-wow with San Mateo. Then comes the big one with Palo Alto, followed with winless South City and the Lincoln Lions, all games on the Daly City gridiron.

Home at Last

It's swell to be able to fight your battles in your own neighborhood, especially when the other guys are brutes.

Ironically enough, Jeff's schedule has turned out right. Each week they've plugged along getting stronger with each skirmish.

Once they come home next Friday, the going will be rougher. San Mateo and Palo Alto in succession. Two weeks' standing, the Indians have to be "high."

They can't afford to slip anywhere from here on in. They don't figure to miss their golden opportunity. Nor are they overconfident. They realize the bigness of the job they face ahead. And it's a tall assignment.

Will They Stay?

On top, but how long? Rival coaches shudder of late when Palo Alto is mentioned. The Vikings were a chalk choice four weeks ago when they left the post. Opinion dictated that the Norsemen would finish up near the front if they didn't run away from the field.

Onlookers say they are loaded. Both barrels. Palo Alto's showing at present makes one agree with the conviction. They disposed of South City 25-12, Willow Glen 44-0, Lincoln of San Jose 37-7, and Lincoln of S.F. 35-19.

Scores reveal they haven't had much trouble, either. But like Jefferson, Paly will get tougher competition in the home stretch.

Their remaining slate is no picnic, either. The Vikings still have to get over San Jose, Jefferson, and Sequoia, and they do the visiting each time. They wind up things against San Mateo at home late in November.

Other Teams—Spoilers?

Quite a step up in caliber of opponents. San Jose and Sequoia, both victims of Jefferson, have matured tremendously. Upsets could be forthcoming. San Mateo's Bearcats started strongly but the wind disappeared from their sails.

Little Serra pushed the Bearcats on the downgrade with an 18-13 upset win a couple of Fridays back. Then Al Terremere's Sequoians toppled the San Mateo crew last week, 13-7.

But the San Mateo gang still hasn't conceded the race. Nor have Lincoln and San Jose. Paly insulted the Links and Jefferson polished off the Bulldogs, but both losers could do some dirty work to the hopes of either Jeff or Palo Alto.

No Undefeated Squad, Maybe

Whether or not the front-runners will remain at their high station is a good inquiry. From what we've seen and read, the eventual survivor of the P.A.L. grid wars may not go all the way. Undefeated, that is.

Jefferson or Paly? Most folks favor Palo Alto, but the Jefferson club is big, rough, and stingy in giving up yardage. Offensively, the Big Three of Ray Tschirgi, Max Kliem, and Bob Gallagher are a fine striking trio. A la Cal's Monachino, Schabarum, and Olszewski. They mean that much to Jefferson.

GALLAGHER GOING GREAT

We know of a sure bet. At least we imagine so. If somebody has a copy of present P.A.L. football records we'll wager there'll be one change to be made when the '50 season is history.

Bob Gallagher's name could be written down for other guys to shoot at. Gallagher, no bigger than Mighty Mouse, is compiling quite a mark in the ball-carrying end of things.

Yeoman Efforts

No wonder the little fellow is worn out after each Indian contest. In four games, three league tussles, Gallagher has averaged 24.5 carries per game. That's right, 24.5 runs each game. He has tucked the ball under his arm 98 times for 397 ground yards gained, all told.

Game-by-game analysis shows that Bob toted the hide 18 times for 63 yards against Mountain View, 28 for 120 against, Sequoia, 21 for 60 against San Jose, and 31 for 154 against Burlingame last week. At this pace, he would seem to know no bounds.

Team Leader

Left half Gallagher's consistent efforts have been an inspiration to the entire Jefferson team. Bob is a rough fellow despite his 5'5" stature and 155 pounds. He runs hard and fast. Also he knows how to get the most out of his blockers. He follows them well and when he doesn't have an escort he drives head down with both legs churning.

His deception on handoffs and other plays is slick.

Besides his workhorse duty on runs Gallagher also is the mainstay of the Jefferson passing attack. He throws a nice ball as passes go. Jeff hasn't employed much passing this season from the single wing attack.

Tossing Adequate

What aerials they have attempted, they've hit about par in percentages. Gallagher has found his targets 16 times in 34 pass attempts for a respectable .470.

Gallagher "hit" six out of 13 versus Sequoia, three out of six versus San Jose, and two out of four versus Burlingame.

Jefferson doesn't take to the air much, but when they decide to, they do all right.

Three Six-pointers

Gallagher has three touchdowns to his credit in P.A.L. action. He got two in the Burlingame affair.

People already are thinking about the All-P.A.L. team. Four backfield vacancies are open to all comers as usual. It's early yet, but we could fill one position with a nomination right now. Who is it? You know. Any seconds?

JEFF SWIMMING POOL WILL CLOSE AT NIGHT AFTER THANKSGIVING

Jefferson Union High School's swimming pool will be open to the public at night for only three more weeks, Glenn South, physical education instructor declares.

After Thanksgiving, the pool will be closed evenings until March.

Currently, the 25-yard water hole is open each evening from 7:30 to 9:30.

The gym floor is open for basketball four nights a week. Wednesday evening it is reserved for badminton.

LIMITS OF STRIPERS TAKEN

Limits of striped bass have been taken during the past week in the waters off China Camp in Marin county, according to the National Automobile Club. Fishing has been generally good in this San Pablo Bay area.

BAYSHORE VISITACION VALLEY

By Bernice Hendryx JUniper 4-6449

The topic of the day hereabouts is the same as elsewhere. When people meet, storm damage stories are exchanged. Bayshore had its share, along with everyone else.

One of the big transformers went out on Calgery street and wires were out all over the district. During the heaviest part of the downpour, men reported that the water was falling so heavily from the wires that they could feel the electric current by standing on the sidewalk, under the lines. The roof on the Sotuhern Pacific roundhouse blew off, injuring some ten men, but no deaths were reported in the district. The dairy down near the highway had its sare of troubles in proportion to its size. Mr. Kennel reported that a large cowbarn had completely collapsed. Fortunately, there was no stock in it at the time.

The Shell Station at Bayshore and Geneva avenue lost some of its glass, and the panels in two of the pumps were blown out, stopping operation of them.

Power Out

Street lighting on Rio Verde is still under repair, and one resident is still burning candles, waiting for someone to replace the fuse box that caught fire during the storm. Radios were burned out when lines went down, the power backing up into sets that were on at the time. Others breathed sighs of relief that their television sets had not been on at that time of the day.

Electrical power was restored in most of the homes late in the evening of the same day, but other parts of the district were without electricity until late the next afternoon. Most of the telephones were out of order, and some service is still under repair. Two windows in the school building were broken, but no injuries were reported. Fortunately, the wind velocity in Bayshore did not reach the high that it did in some adjoining areas, and property damage was low in comparison.

Hallowe'en

Hallowe'en news: The Mr. & Mrs. Club gave a party for the children of its members the Saturday before Hallowe'en, complete with apple bobbing, and picture show, and topped off with donuts and apple cider. The same evening the Club threw a dance at the Administration building, in the Naval project. Not a large crowd, but everyone had a whale of a time. The comic costumes were a show in themselves.

The kiddie costume parade at the school was bigger and better than ever. The youngsters are allowed to come to afternoon session on Hallowe'en in their costumes, and they parade around the school ground. Seven or eight hundred children in one group is awe inspiring in itself, but put them all in costumes and you really have a sight to behold.

The Bayshore PTA set up a Kiddie Carnival in the auditorium of the school. It was reported a smashing success. The children mobbed them for the better part of the afternoon. They had to send out for more hot dogs, more prizes, and more candy. Ladies of the PTA were tired but triumphant when the booths finally closed at eight that evening. The only upset, collapse that is, is when the fish for prizes table collapsed. Children, water, rubber fish, prizes and odds and ends topped the mad scene from Lucia for minutes, until order was restored.

Trick-or-Treat

This trick or treat gang was on the prowl again, but the numbers were not as large on some streets as had been expected. Whether the PTA Carnival or the Cow Palace show attracted more than was expected or not, no one is prepared to say. Speaking of trick-or-treat, there was one little sidelight that is amusing and rather sad too. One householder, evidently caught unaware by trick-or-treat, could not find anything in the house to present as a token. In desperation, small pieces of cold boiled potato were carefully wrapped in wax paper and presented to the children. Some of the children couldn't figure that one, but several answers present themselves. The person evidently was unable to get to a store, but at the same time didn't want to turn out the lights and play dead, so this idea seemed the best one. Many of the people here hold open house, to be able to see the children in all their glory. All I can say is, it was an ingenious way of handling an awkward situation. The trick was turned back on the instigators.

Highlight

The highlight of excitement was Boyd Filarski. He arrived at 1:30 a.m. on Hallowe'en. Mom and Dad, meaning Lloyd and Joan Filarski have an official spook in the family now.

Mrs. Marie Vanderbilt will be our official delegate to the Girl Scout Regional Conference at Riverside November 7 through 9. The national president will be there, and our delegate will bring back news and exchange ideas with other members. Brush up classes will be held for all members.

The morning topic at the Bayshore Baptist Church this Sunday will be "Forgiveness of Sin." Sunday night will be "The Transfiguration."

Musical night at the church will be the 17th of November. There will be church-wide talent, including the choir, the junior choir, orchestra, band and soloists.

Card of Thanks

We wish to take this public means of expressing our sincerest thanks and appreciation for the numerous acts of kind and understanding sympathy extended us during the recent bereavement occasioned by the death of our loved one.

NOTICE BY COUNTY CLERK

Notice Is Hereby Given, that Pursuant to request of the adjoining property owners, the Board of Supervisors have declared it as their intention to abandon that certain portion of "A" Street, said proposed abandonment being more particularly described as follows to wit:

BEGINNING at the point in the northeasterly corner of Block 1, as said Block is shown on that certain map entitled "MAP OF THE LANDS OF THE CITY EXTENSION HOMESTEAD ASSOCIATION" filed for record October 15, 1870 in Book D of Maps, at Page 44, Records of San Mateo County, California, and running thence from said point of beginning westerly along the northerly line of said Block 1 to the intersection thereof with the southwesterly prolongation of the northwesterly line of Block 10, as said Block 10 is shown on that certain map entitled "MAP OF THE LANDS OF THE SCHOOL HOUSE HOMESTEAD ASSOCIATION" filed for record July 10, 1872 in Vol. C of Maps, at Page 61, and a copy entered in Vol. 1 of Maps, at Page 9, Records of San Mateo County, California; thence northeasterly along said southwesterly prolongation to the most westerly corner of said Block 10; thence easterly along the southerly line of said Block 10 to the southeasterly corner thereof; thence southerly in a direct line to the point of beginning.

Notice is hereby further given that the Board of Supervisors has fixed Tuesday, November 21, 1950, at 10:00 A.M. in their chambers in the Court House at Redwood City as the time and place when persons interested in this proposed abandonment may appear and present their objections, if any, either oral or written.

By order of the Board of Supervisors dated October 17, 1950.

W. H. AUGUSTUS
Clerkof the Board

300 Petition For Rent Decontrol Inside SM County

More than 300 signatures were on petitions submitted to the San Mateo County Board of Supervisors Tuesday asking for rent decontrol in unincorporated parts of the county.

The petition action followed a recent movement in Atherton and Menlo Park towards rent decontrol.

County Clerk William H. Augustus indicates that the petitions formally would go before the supervisors at their November 8 meeting in Redwood City.

The majority of signers of the petitions gave addresses in Redwood City and surrounding area.

Several of the signers were from Menlo Park and San Carlos, while there were a few from Woodside, Belmont, Atherton, San Mateo, and Burlingame.

The current petition movement represents the second attempt for rent decontrol outside the city limits.

A few months ago, the Board of Supervisors were petitioned for the same cause, but the county rent board felt that rents should not be decontrolled at the time.

DC Sportswomen Attend Shooting Meet Last Week

By Mrs. E. K. Whinnen

The Daly City Sportswomen didn't do so badly at the shooting meet after all, getting second and third high scores.

First place was taken by Eleanor Leck, wife of a Rod and Gun Club member (and we hope a future Sportswoman) with a score of 94 out of a possible 100. Good shooting, huh? Mary Sullivan, of the Sportswomen, was next with a score of 87, and Mildred Whinnen third, with a score of 76.

Gold, silver and bronze medals were awarded the winners in the above order.

The shooting position was prone, with the target at 50 yards. Prone is one of the easiest positions, but for some of us who had never shot prone before, it didn't seem too easy. Personally, when I lay down to sight in before the match, I thought I'd never even be able to find the target, let alone the bull's eye.

There were five bulls on each target with six concentric rings each. The bulls are two and thirteen sixteenths inches across, with a small circle in the center about the size of a pea. That is the bull's eye. Two shots are fired at each bull with a possible score of 20, for each, which would be perfect. A shot outside the ring is a miss. If three shots are fired into one bull that is also a miss, as only two shots are allowed to each bull.

The shooting and sighting in were fun with some rather humorous incidents connected with the latter.

We hope to see Helen Baden and Eleanor Leck, whom we met at the shoot, at the next meeting of the Sportswomen.

Reformation Fete Slated For Sunday

All congregations of the Lutheran Church, Missouri Synod of San Francisco and the Peninsula, are participating in a mass Reformation Festival observance Sunday, November 5, at Scottish Rite auditorium, Sutter and Van Ness, San Francisco, at 4 p.m.

Dr. John W. Behnken, of Chicago, president of the Missouri Synod, an international organization, is to serve as speaker on the commemoration of the 433rd anniversary of the Protestant Reformation.

Reason for the celebration is to fittingly observe with prayer and thanksgiving to God the restoration to the church not only of a reformation in church morals and life, but chiefly the re-discovery of the Bible teaching of the early Christian church that man is counted right with God alone through faith in Christ Jesus.

The public is invited to this service.

Special Reformation services will also be held at Lutheran church of Broadmoor, White street off 87th street in Broadmoor Village, at 11 a.m. this Sunday. Sunday school is at the regular time.

NOTICE TO TAXPAYERS

SAN MATEO COUNTY TAXES -- 1950-51

Notice is hereby given that one-half the taxes on all Personal Property secured by Real Property and one-half of the taxes on all Real Property will be due and payable on

WEDNESDAY, NOV. 1, 1950 and will be DELINQUENT on TUESDAY, DEC. 5, 1950, at 5 p. m. and, unless paid prior thereto, 6 per cent will be added to the amount thereof.

Both installments may be paid at the time of the first installment.

Taxes may be paid on any day at my office, except Sundays and Holidays, in Redwood City, at the Court House.

Send description of property when asking for tax statements. Notify this office of change of address. Hours 9 a. m. to 5 p. m., Saturday, 9 a. m. to 12 noon.

FOR THE CONVENIENCE OF THE TAXPAYERS we will collect taxes in the following cities:

WESTLAKE WHIRL

by Marian Christians PLaza 5-0946

Harry Bosberry, efficient and hard-working secretary of the Westlake Association was rushed to Mary's Help hospital last Saturday morning. He is seriously ill and is not allowed any telephone calls or visitors.

It was largely due to Harry's efforts that our first Westlake Hallowe'en party was such an unqualified success. Best wishes, Harry, for a rapid recovery.

Mrs. Frank Gromm of Lake Vista avenue, entertained members of a sewing club from her former neighborhood Wednesday evening. She was pleasantly surprised when the affair turned out to be a surprise baby shower for her.

Westlake continues to expand. Many new homes in subdivision three are nearing completion. Hundreds more will be constructed in that area.

Westlake's "first baby," James Michael Deignan, son of Mr. and Mrs. Jim Deignan, 26 Cliffside, had his first birthday party October 3.

George Gibson of Cliffside drive returned recently from a three-month tour of Europe. He sailed from Montreal early in July and proceeded to visit Italy, France, Switzerland, Germany and Belgium. He arrived in the U.S.A. in September.

The Westlake Community Baptist Church, with 75 charter members, holds services each Sunday morning in the Serra Theatre. Frequent guest soloist is Miss Helen Glover, operatic lyric soprano.

Tonight is the night Westlake folks have been waiting for. Some lucky ticket holder will drive home a 1950 Super Rivera Buick sedan, courtesy of the West Portal Merchants.

Also offered is $500 in merchandise orders. The drawing, with tickets going at one dollar each, will be held at 8 p.m. in the West Portal Safeway lot.

Mr. and Mrs. Albert Altman, 286 Wilshire, are the proud parents today of a baby girl born October 27 at St. Joseph's hospital. The new addition has been named Lynn Dee. Mr. and Mrs. Altman have two other children, Mark and Pamela.

See page 7 of today's paper. See your Friendly Ford Dealer.

Bumper Tag Ends With Gunshots

An 18-year-old Colma boy Sunday was not only on the wrong end of a game of bumper tag but also faced eight slugs fired from the second car in the "game."

Paris Royo, a San Francisco City College student, told police this story:

He and a classmate, Ray Landi, 18, were on their way home from a football game at Kezar Stadium when the rear of his car was bumped by a green sedan. Three youths were in the other machine

After exchanging angry words Royo drove on, but got a second jolt from the green sedan a few blocks down the road.

Royo kept going, and a second later a burst of gunfire sounded from the other car. Eight bullets were fired at Royo and his companions, one lodging in the right rear fender, a second whistled through the turtleback, passing through the seat and dropping to the floor at Royo's feet.

The green sedan then whirled and sped away.

NEWS FROM THE SCHOOLS

CROCKER

Patsy Bevington visited the United States Mint. Mr. George Gillin, superintendent of the mint, gave her a souvenir one cent piece.

Robert Brugioni went to St. Helena on Sunday. He picked walnuts and is going to bring one that has not been cleaned to show the class.

The class has been coloring maps of Mexico and Central America.

The students of the seventh grade are studying the causes and results of early Chinese wars. They have learned the Opium war began when the Chinese emperor forbade the sale of opium and forced foreign merchants to give up their supplies of opium. This meant a loss of a profitable trade, and the foreign traders objected to their governments. The peace treaty ending the Opium war gave the island of Hong Kong to England.

The seventh grade has appointed Patricia Vasquez and Larry Hight bus monitors. They will be assisted by Martha Wood and Myron Kay.

This week the fifth grade in Room 3 has been learning how the early American settlers built their homes. These people had nothing with which to work except the materials at hand. The children have written a composite story telling just how these early homes were constructed.

The students of the sixth grade have begun the study of grammar. They have been studying the use of nouns, pronouns, verbs, and adjectives and are now ready for the study of adverbs.

The members of the sixth are making booklets on South America. Each child is specializing on a single country and each booklet will tell about the climate, products, Customs, geography and history of the country selected. The booklet is to be illustrated with maps, pictures and diagrams. Gary Atteberry is drawing a large map of South America as a special project.

The class is also learning the American Creed.

The student council of the Crocker A.M. student body for the school year 1950-51 has been elected and is as follows: Room 1— Donna Carlisle and James Rector; Room 2 — Cecile Champagne and Jack Klassen; Room 3 — Vicki Tomasi and Phillip Fortier; Room 4 — Irene Schiaffino and Ronald Davis; Room 5 — Pat Long and Richard Watso; Room 6 — Jacqueline Hansen and Jimmy Laumond.

The students of the seventh grade in Room 5, are studying the early history of China.

They learned that China at the beginning of the seventeenth century was under the control of a family of emperors known as the Ming dynasty. Europe gradually became aware of the greatness and wealth of China from the Missionaries and Marco Polo. Andrew Ruelas gave an interesting report on the life of Marco Polo.

The seventh grade in Room 1 are studying Asia. They have made maps, and are now studying important words connected with Asia.

The sixth grade in Room 4 have enjoyed learning some folk dances recently. LaRaspa, a Mexican dance, was learned first because the class is sudying Central and South America. The class has also learned Cottoneyed Joe. The sixth grade is also learning the poem "America for Me" by Henry Van Dyke.

Fifth graders in Room 3 have been learning lettering. They have learned to use lined graph paper to insure uniform size and correct proportion. These letters will be used for note book covers after they have been painted. We expect some very attractive covers.

Crocker student body proudly reports that it is very proud of the volunteers in the seventh and eighth grades who spent many hours during the Crusade for Freedom program to gather signatures of free Americans. Those students who served were Arleen Trapp Bob Bridges, James Rector, Robert Riley, Carolyn Saumers, Bill Hunter, Tony Tapia, Jim Snell, Diane Valentino, Joanne Stevens, Donna Hiett, Diane Develey, Martha Wood, Cecile Stickney, Edwin Kelly, Myron Kay, Orin Wakefield, Charles Thur, Barbara Jean Carnshaw.

Student body officers elected by the A.M. and regular session for the school year 1950-51 are: president, Lenita Johnson; vice-president, Dick Hopman; secretary, Carol Glover; treasurer, Shirley Evans; school representatives, Pat Long, Richard Watso, Donna Carlisle, Jim Rector; sergeant-at-arms Billy Willers, Linda Amundsen; school pianist, Elaine Ball and Carolyn Saumers; safety chairman Jim Snell.

VFW Auxiliary To Hold Canasta

Canasta will be the order of the afternoon November 10, when the Lake Merced Auxiliary VFW No. 9921 holds a party at the home of Mrs. Gladys Holt, 114 Garden Lane.

The canasta game gets underway at 1 p. m.

Plans for the party were formulated at the regular meting of the Auxiliary October 24. At that time the Auxiliary welcomed several guests from Old Glory Auxiliary No. 2044. The guests included Mesdames Ethel Dorn Mary Conti, Bonnie Ellenwood Clara Poket, Marie Gehrig, Catherine McKeown and Marjorie Johnson.

At the same meeting Mrs. Hilda Stettler was elected to the post of junior vice president while Mrs. Hazel Eagleton was chosen for senior vice president.

Also discussed were plans for the potluck dinner which was held October 26. Some 100 people attended the affair.

Three members of the Auxiliary recently joined with the Auxiliary in San Jose to entertain the women's ward at the Palo Alto Veterans hospital. The three women were Mesdames Stella Magoon, Anita Woods and Hilda Stettler.

Several Whist Parties Planned At October Meet Of OLPH Mothers' Club

The October meeting of the Mothers' Club of Our Lady of Perpetual Help School took place in the school auditorium with President Mary Calegari in the chair.

About 95 members were present, several new members joining the Club at the time.

During the business meeting the following committee was appointed to serve at the monthly dessert-whist: Mrs. Amelia Siino, whist, and Mrs. Mary Casebolt and Mrs. Thelma Ferretti in charge of refreshments.

This whist will be given on Tuesday afternoon, at 1:30 p.m. November 7 in the school auditorium. The public is extended a cordial welcome.

Plans were made for the Monster Turkey Whist which will be held Friday evening at 8:30 November 17, also in the school auditorium. There will be games for non-whist players and refreshments will be available.

In charge of the whist will be Mrs. Valetta Ennis. Mrs. Dorothy Stewart will be in charge of prizes and Mrs. Marie Marinakes in charge of refreshments.

After a lively discussion, a post-holiday dance was suggested, details to be worked out later.

Mrs. Valetta Ennis, hospitality chairman, then presented a program by the seventh grade pupils. This class is certainly full of talent as there were piano, accordion and guitar selections, after which several folk dances were performed by the seventh grade girls.

To wind up the entertainment, Mrs. Agatha Heyden sang "The Rosary" to Mrs. Ennis' accompaniment. Mrs. Ennis also provided the alto harmony.

After the closing prayers by Chaplain Father Adrian McKenna the meeting was adjourned. The members were then seated at the table beautifully decorated with autumn leaves, and served refreshments of sandwiches, home made cake and coffee.

The next meeting of the Mothers' Club will take place Friday, November 10, at 8:15 p.m.

(Paid Political Adv.)

Why you should
VOTE YES
on No. 11

This ballot proposition corrects a defect in the law, to make it possible for an owner of land registered under the Land Title (Torrens) Act to withdraw it *if he wishes to do so.* There is now no way to do this.

The measure was passed unanimously by the State Legislature and signed by the Governor, in answer to the plea of many distressed property owners. Proposition 11 will save taxpayers hundreds of thousands a year, by simplifying the work of County Recorders, whose association has endorsed it. Proposition 11 also has been endorsed by scores of civic, labor, and business organizations, and so far as we know has been opposed by none.

VOTE YES on No. 11

NEW faster service anywhere in U. S.
Exclusive rapid road service for GMC owners—call Western Union Operator 25 for name of nearest GMC approved service
GMC
SURE SIGN of a SMART TRUCKER!
WHEN you see this gleaming GMC emblem on a rugged new truck, you know its owner is sitting pretty for years to come. For GMC's have a time-established reputation for long service with low maintenance cost – and with minimum down time for repairs.
That's because every GMC is a real truck –truck-built by the world's largest exclusive manufacturers of commercial vehicles. Every unit of every GMC, from grille to tail gate, is engineered for trucking service!
To find quick proof of this, just compare a GMC with any other truck before you buy. Compare engine, frame, transmission; compare cab, axles and springs–see how much extra value you get.
Or count how many new GMC's you see on the road–far more today than ever before. Then see your GMC dealer and let him give you the inside story that explains why so many cost-wise operators are switching to GMC's because experience proves them best in the long haul!
Get a real truck!
LIGHT · MEDIUM · HEAVY MODELS · Made in widest variety of engine-body-chassis combinations to fit every trucking need

SSF Adult Driver Courses Open November 2

The Adult Education Department of the South San Francisco High School announces the opening of a new class in driver education for adults, starting Thursday, November 2, at 7 p.m.

The class will meet each Tuesday and Thursday, 7 to 9 p.m. for classroom instruction. Driver training (behind-the-wheel training) is scheduled by arrangement between the hours of 9 a.m. and 7 p.m.

The course consists of 24 clock hours of classroom training and a minimum of 8 hours spent in the dual control car in behind-the-wheel driver training.

The total cost of the course is $10 including registration, tuition, and insurance. If you have a 1950-51 registration card the fee will be $9.

Classes begin the same night as registration. Those taking the course will report to room 11 in the high school building for registration and payment of fees.

A large enrollment is anticipated so come early as the number to be admitted is limited to 50 students.

This is the fourth class in driver education and training conducted by the South San Francisco Adult Education Dept. since March, 1950. Each enrollment group completes the entire course before a new class is started. It is now one of the most popular courses offered by the Adult Education division of the South San Francisco High School.

BEAR HUNTING STILL GOOD

Bear hunting is still good in the Fresno county area, according to the National Automobile Club. Hunters having the best luck are those with trained dogs.

Coastside Approves Funds For Schools

By the overwhelming vote of 401 to 32, residents of the Coastside last week approved a $800,000 state loan for new school construction.

The money is to be used for a new school in Pedro Valley, Pacific Manor, and to add to the wing at the Sharp Park school, Mary J. Drury, school superintendent, said.

When the new school is completed in Pedro Valley, the old structure at Rockaway Beach will be discontinued. Likewise with the erection of the new wing in Sharp Park the old four-room structure there will be dismantled.

Youngsters Hold Early Hallowe'en

Donna Arluck and several friends jumped the gun with a pre-Halloween party Friday, October 27, at the former's home, 71 Hillcrest drive.

Entertainment and refreshments were the order of the evening.

Waunita Viele opened a musical interlude with a guitar rendition of "Song of the Islands." Roberta Taylor contributed a piano solo.

The hostess, Miss Arluck, sang "One Kiss" from "New Moon" and also played a composition of Bach on the piano.

A recitation concluded the festivities. Taking part in the latter affair were Beverly Meehan, Rita DeLeon, Melvina Adams, Carol Bertelli, Dickie Curry, Ronald Christinson, Roberta Taylor and Wauneta Viele.

Pair To Drill For Oil At Fresno

Hoping to open one of the biggest gas and oil fields in California, two Peninsulans will start drilling for oil near Fresno next Tuesday and Wednesday.

In charge of the operation will be W. B. Berton, 215 Clark drive, San Mateo, president of the newly formed Mid-Cal Oil Co. He said he felt certain the company would become a produced of oil and gas as a result of the Fresno explorations.

As the new company is owned entirely by Berton and Clarence Melzer, Burlingame accountant, there will be no stock for sale, Berton said.

Mid-Cal holds 1,000 acres under lease and will start two wells. One will be drilled to 1,250 feet, the other to 450, relatively shallow explorations.

The Fresno County Planning commission has approved the drilling and operations will start as soon as the action is ratified by the board of supervisors, probably next Tuesday.

Local Lad Injured In Headon Crash

In a headon crash between a car and a pickup truck on Skyline boulevard at Sharp Park, a Daly City youth and six companions were hurt late Sunday.

The Daly City youth injured was Samuel Goldstein, 19, 438 Evergreen avenue. He was treated at Junipero Serra hospital for a three-inch scalp cut, leg bruises and severe friction burns on his chest. He was later hospitalized.

The other youths injured, of San Francisco, Palo Alto and Sharp Park, suffered abrasions, cuts and fractures.

Other Daly City residents injured over the past week-end include:

Terry Becettcher, 8, 1211 3rd avenue, suffered minor cuts and abrasions when he ran into a car near his home.

Donald Kohler, 6, 63 Werner avenue, suffered a small injury when he was brushed by a car.

DC YOUTH TO APPEAR ON TV SHOW TONIGHT

Bob Moore, 29 Bismark, will be on TV tonight, November 2.

The Daly City youth will appear on the Children's Birthday Party program on Station KRON between 6:20 and 6:35 p.m.

On hand to help Bob will be his trained pet duck. The program has been booked to run for 13 weeks.

Colma PTA Holds First Education Meet For Parents

Colma P.T.A. presented the first of a series of parent education meetings Friday, October 27, at the Jefferson Elementary school.

Miss Marie Traynor conducted the meeting which was featured by the topic, "Television — Good or Bad?" in regard to children.

The first meeting was well received and very successful, according to Mrs. Marjorie Hopper, Colma P.T.A. president.

Mrs. Hopper stated that she publicly would like to thank P.T.A. members and the Daly City Recreation department for their work during the Hallowe'en period. Special praise goes to Mrs. Louis Bertetta, Mr. and Mrs. E. J. Dennis, Erle Johnson, and Don Tagni.

Colma P.T.A. congratulations also go to the Garden Village school in forming their new unit, called the James L. Snell unit.

President Hopper indicates that a record album will be presented the room at the Jefferson Elementary school that has the largest P.T.A. membership.

She stated that Mrs. Herbert Kern currently is busy getting mothers to help her with her classroom.

Colma P.T.A. held its last board meeting Tuesday, October 24, at the Jefferson Elementary school.

County, State Employment Hits Record High Mark

More San Mateo county and California residents were employed during September than ever before in the state's history, the Department of Employment reported today.

The number of jobless was less than at any time since 1945. Total employment for the state was estimated at 4,476,000 persons as compared with unemployment of 164,000 persons.

This represents an increase of 478,000 between February and September of this year. A return to a trend of industrial growth and the gradual expansion of defense production were the attributed caunses of the rise.

The construction industry reached its highest employment level in history by mid September and trade and government neared record figures.

Unemployment has declined faster in California than in the country as a whole, the department reported. For the first time since the end of the war the ratio of jobless to the total labor force in California was below the national ration.

Women's Exchange Opens In Daly City

Here's a new business which should appeal to every woman, every family, in Daly City.

Mrs. Wyoma Matthews has opened the Women's Exchange at 6147 Mission (next door to L&L Cleaners). Purpose of the Exchange is to accept clothing, dishes, bric-a-brac, drapes and other articles in consignment.

The store will meet the average woman's desire to dispose of articles which may be of value to others.

Mrs. Matthews has worked in ladies ready-to-wear for the past two years. She is the former manager of the ladies department of Foreman and Clark in San Bernardino, California.

Due to her long experience in retail selling she is well aware of the need of such a store.

The convenience and services of the Women's Exchange will be greatly appreciated by the ladies of this community.

Nixon Confident Of Victory At Polls Tuesday

As the U. S. Senatorial campaign came to a close this week in a final burst of intense activity on the par of both candidates, Congressman Richard Nixon predicted he would emerge victorious at the polls next Tuesday.

Nixon has made more than 400 speeches in 52 days of campaigning and has been in every section of the state, often traveling hundreds of miles a day by plane.

"I sense that we have put our story across," he says. "It has been a hard fight and it may be close, but I am confident I shall win."

In a final appeal to the voters, Nixon outlined in speeches this week the principles for which he stands and upon which he has based his campaign, as follows:

1. Democrats and Republicans must forget party lines and join together to develop a sound policy for resisting world-wide Communist aggression and to strive for a free and peaceful world.

2. We must keep America militarily and economically strong because strength is the only thing that the enemies of democracy understand and respect and the only thing that will deter them from further aggression.

3. In keeping America economically strong, we must cut down on big, costly domestic projects so that we can put our military preparedness program as much as possible on a pay-as-you-go basis, otherwise we shall have inflation.

4. We must resist all proposals that are steps to socialism such as the Brannan Plan and socialized medicine.

5. We need laws such as the Communist control bill for national security, but these are only temporary deterrents in the long-haul fight to win the conflict that is going on all over the world in the minds, souls and hearts of men. Bullets and laws never killed an idea. Communism is an idea and must be conquered by an idea, the idea of democracy, the free way of life that is the best the world has ever known. We must sell the idea of democracy all over the world.

6. Isolationism is gone and dead forever. We must join the other free nations in strengthening the United Nations. We must have a United Nations military force, composed of men and arms from all free nations ready to strike against aggression at instant's notice whenever it occure.

7. We must by precept and example afford oppressed peoples all over the world the ideological, spiritual and moral leadership that only the United States can give.

STRIPED BASS FISHING IMPROVES

Striped bass fishing has been improving steadily during the past week in the Delta regions of San Joaquin county, reports the National Automobile Club. More and larger fish are being taken at Franks Tract, the mouth of the Mokelumne River, the mouth of Potato Slough, on Sounding Board Slough, Whiskey Slough, and along the Middle River.

Two County School Leaders Back Hall

The candidacy of Henry C. Hall for county school superintendent this week received the endorsement of two of San Mateo county's outstanding school leaders.

Mrs. Grace Adams, president of the San Mateo County Teachers Association, and Joseph Cunningham, San Bruno school trustee, expressed their preference for Hall with the following statements:

"I have known Henry Hall," Mrs. Adams said, "during the time he was superintendent of San Bruno schools and for the past six years since he has been assistant county school superintendent."

"During those years," Mrs. Adams stated, "Mr. Hall has been a sincere friend of children, a practical educator and a leader in school administration. He should be elected county school superintendent because he will fill that office as no one else in the schools of the county can."

"A number of years ago," Joseph Cunningham said, "the board of school trustees of the San Bruno School district, of which I was a member, induced Henry C. Hall to leave the principalship of the Half Moon Bay school to become superintendent of the San Bruno schools. He served effectively as superintendent for twenty-two years until he was called to serve as assistant county superintendent. During his administration in San Bruno, he was a leader in community activities. I am supporting Henry C. Hall for County Superintendent of Schools because of his distinguished educational leadership throughout the county and the state."

DUCK SEASON OFF TO A GOOD START

Duck season got off to the best start in years in the Kern county area, reports the National Automobile Club. Birds have been plentiful and they are in excellent condition.

ALBACORE ANGLERS HAVE LUCK

Albacore anglers have been bringing in some excellent catches during the past few days at Moss Landing in Monterey county, according to the National Automobile Club.

TUESDAY - NOVEMBER 7 - IS ELECTION DAY

The voters will decide many important issues and select the candidates who in their judgment are best qualified to fill the office they seek. One of the most important offices to be filled is that of Sheriff.

Earl B. Whitmore of Redwood City with nine years of experience and training in law enforcement was the leading candidate at the primary election.

Whitmore is sponsored by thousands of citizens of this county for the office of Sheriff because of his qualifications, experience, clean record and sincere desire to give to the people of this county an honest, fair and impartial administration of the duties connected with that office. They believe that a change in the administration to an active, strong and progressive Sheriff is needed after 24 years of administration by the incumbent Sheriff.

Your confidence and support will be appreciated by Earl.

In view of the many important issues and offices to be filled at the coming election, we urge you, regardless of your choice of candidates or approval of the various propositions on the ballot, to be sure and vote on Tuesday, November 7 so that the result will more fully express the choice of all the people.

Time for a Change

Experienced Elect Competent

EARL B. WHITMORE

your SHERIFF

Trained Active Capable Impartial

- Topped 5 candidates in June Primary.
- Nine years law enforcement experience
- Local FBI sponsored school training
- Investigator for Provost Marshal office during war
- Veteran, family man, resident of county 26 years

ELECTION NOVEMBER 7, 1950

There is no substitute for an experienced law-enforcement officer who is Also active, capable and Willing to Enforce All Laws Equally and Impartially

For SHERIFF - Earl B. WHITMORE X

Dean of Bar Endorses Shattuck

Edward S. Shattuck (left), candidate for Attorney General, this week received the endorsement and support of California's master attorney, Joseph Scott (right), a practising lawyer in this state for more than 56 years. Speaking of Shattuck candidacy, Scott said, "We of California should select Mr. Shattuck as best suited at this time for the grave responsibilities of Attorney General. He is an unflinching, uncompromising opponent of Communism and all other subversive influences. He has a wide acquaintance with our state's problems and difficulties." Scott is Dean Emeritus of the Loyola College Law School in Los Angeles, former president of that city's Board of Education, and holder of many other distinctions in the fields of law, education and religion.

Hall Requests Supporters Keep Campaign "Clean"

Henry C. Hall, candidate for San Mateo county superintendent of schools, urged his thousands of supporters on the eve of the forthcoming November 7 election to keep their efforts on his behalf on a high professional level "compatible with the dignity of the teaching profession."

Hall, who is the present assistant county school superintendent, said that regardless of the provocations in the closing days of the election contest, he wanted his support to remain clean.

"I would rather lose the election than have the schools suffer in any way," Hall said. "I am proud of the record of the teachers and children of San Mateo county. Modern standardized achievement tests assure us that San Mateo county children rate well above the average children of the nation in all school subjects."

"More than 50 per cent of the school day in the classrooms of San Mateo county is spent on the fundamental subjects of reading, writing, arithmetic, spelling, language study and civics," Hall pointed out.

"Educators are now serving the public better than ever before and are training the children magnificently despite the difficult situation of heavy class loads and lack of building facilities in some areas because of the rapid increase in school population," Hall said.

"Some of the special classes maintained in the county school system," Hall said, "include instruction for the hard of hearing, home teachers for sick children, classes in the Community Hospital, classes in the San Mateo Health Home, special schools for spastic children, special schools for the deficient in sight and a teacher for children in the Hillcrest School for Juveniles."

Admiral Sigval B. Johnson, Hall's county-wide campaign chairman, said that Hall's opponent has campaigned on a platform of "keeping politics out of our county schools."

"Our opponent," Johnson said, "has introduced politics into our schools where it has never existed before."

"Furthermore," the admiral pointed out, "our opponent is either insincere or uninformed on his demanding that the three "R's" be taught in our schools. Our schools have an excellent record of teaching the fundamental subjects and no one knows this any better than our opponent."

"The present assistant school superintendent," Johnson said, "boasts an unmatched record of service in county schools. He has progressed step by step through the county school system from classroom teacher, principal, superintendent to his present position."

He is the only candidate, according to Johnson, who understands the intricate procedure in Sacramento by which state funds are allocated to the county.

Taxpayers have repeatedly expressed their respect for him because of his efforts in their behalf.

The 28 sponsors who signed Hall's candidate papers and who have reaffirmed their belief in his ability to best fill the highest school post in the county are as follows:

T. Louis Chess, Jessie D. Adler, Pansy Jewett Abbott, Wallace H. Brown, Roy W. Cloud, George D. Dunn, Andrew F. Gilchrist, Raymond T. Higgins, Walter A. Jack, Lawrence L. Johnson, Charles N. Kirkbride, Richard H. Kruss, Dan R. Love, James E. McClelland, Dave McCullough, Elsa S. McGinn, Wayne R. Millington, Lloyd Newman, Daniel J. O'Connell, Agnes T. Owen, Catherine E. Peck, Philip S. Pope, James L. Snell, Carrol M. Speers, Christian G. Uhlenberg, William M. Werder and Edwin F. Williman.

Serra Furniture Store Opens Today Featuring Complete Lines Of All Items

Furniture needs of every kind and description can now be answered at the new, beautiful Serra Furniture Store which opened today, November 2, across Junipero Serra boulevard from the Serra Theatre.

Operated by two veteran furniture store men, Joe Figueras and Murray Mattal, the huge furniture mart will carry just about anything you need for your home.

Years of experience have taught both Joe and Murray the kind and quality of merchandise the discriminating customer desires.

Featured in the store will be many nationally known brands of complete home furnishings in addition to the lesser known, but as high quality items. It is the boast of both Joe and Murray that if you can't find what you want in the store it either isn't made, or it can be quickly ordered.

"You'll find the Serra Furniture Store has a complete line of the really fine home furnishings," Joe noted. "We ask for comparison, because we believe no one can top us in the whole Bay Area."

In addition to the many fine bargains, there is easy credit terms for all, Murray said.

And in case you are worried about parking space, forget your troubles. Both Mike and Joe have made arrangements for plenty of parking space near the store.

Remember, today or tomorrow drop into the new Serra Furniture Store, located on Junipero Serra boulevard right across from the Serra Theatre.

Sheriff McGrath Claims Backing Of SM County

Backed by a majority, members of the recent San Mateo County grand jury, law enforcement agencies, civic and fraternal organizations, as well as prominent citizens, Sheriff James J. McGrath today is bringing his campaign for re-election to a close.

McGrath reported he is favorably impressed with the fine work accomplished by his friends and supporters during the past month.

"I am very grateful," the sheriff said, "for the fine response to my campaign, and regardless of the returns I want my friends and supporters to know that I deeply appreciate all the things they have done on behalf of my re-election. To the organizations, newspapers and individuals who are supporting me I extend my sincerest thanks."

Members of the 1950 grand jury who have been active on the sheriff's behalf include: Mrs. Lotti Feary, Burlingame City Councilman Allan Hunt, John O'Connor, Laurence Lalanne, president of the LaFayette Club; Mrs. Marie Puccinelli, Miss Harriet Grummon, Edward K. Garrison and Harold Casey. They pointed out that careful analysis of their report will reveal their approval of McGrath's conduct of the sheriff's office.

McGrath supporters today pointed to the strong support coming out of San Francisco for the sheriff's opponent, and asked why San Francisco interests are so concerned with getting control of the San Mateo County sheriff's office. They declared they had sufficient confidence in the intelligence of San Mateo county residents to make their own selection of public officials for this county.

NEW SHERIFF DUE

County political observers, and there are many of them now that two of the most exciting races in years are approaching a climax, see a trend. They believe that cracks have appeared in what is commonly known as the "county courthouse machine" and that when the results of the November 7 election are tabulated there will be two cogs missing from that machine.

One of the cogs is Sheriff Jim McGrath, who faces almost certain defeat by young and qualified Earl Whitmore.

McGrath and his followers received the shock of their lives when the veteran sheriff—he has been in office a quarter of a century—trailed a man they characterized as an "unknown upstart" in the primaries. Actually they had little reason to be shocked. The county is ready for a change. McGrath has been in office too long and there has been too much justified criticism of his office to permit him to stay.

The voters of this county want active, clean and equal law enforcement and they have been willing to put it into the hands of a qualified candidate just as soon as he appears on the scene. Whitmore appeared on the scene last spring and as his qualifications and character became known to the voters it soon became apparent that he was the right man for the job.

Young and vigorous, Whitmore is no callow youth nor is he an "unknown upstart." Thirty-two years of age, married with three daughters, Whitmore has been a resident of the county for 26 years. And through an active participation in county affairs he is better known than the incumbent who for all practical purposes has apparently retired from public life.

As for qualifications—Whitmore has them in sufficient quantity to remove all doubts. He has nine years of law enforcement experience with the Redwood City police department, has taken local FBI sponsored school training, was an investigator for the Provost Marshal during the war, and currently is studying law.

Trained, qualified, and active, and pledged to impartial, fair and equal enforcement of the law, Earl Whitmore is the man San Mateo County voters will elect their next sheriff.

(An editorial reprinted from Oct. 22 issue of the San Bruno Herald)

Douglas Leads Fight To Defeat Communism Here

F. Joseph Donohue, who recently conducted the successful prosecution of Harry Bridges, declared this week that "there are few people in America today who are doing a more effective job of thwarting and defeating communism at home and abroad than has Helen Gahagan Douglas."

This declaration was made in a statement advocating the election of Congresswoman Douglas to the U. S. Senate. In addressing the statement of the Douglas Campaign Committee, Donohue, who is serving as a special assistant to the attorney general of the U. S. pointed out that he spoke on the basis of intimate study of "the purposes, methods and menace of the Communists."

The text of his statement follows:

"As prosecutor of the government's case against Harry Bridges, I had occasion to study the philosophy and the tactics of the Communist Party. I have had occasion to examine the activities of those who follow the Communist Party Line.

"Those people who are tools or who are sympathetic to the aims of Soviet Russia regard Helen Gahagan Douglas as one of their most aggressive and effective enemies in America. They know her record, as I do, of fighting communism in America. They know that time and time again their efforts to take over and subvert liberal and humanitarian movements in America have been thwarted by the courageous and far-sighted efforts of Mrs. Douglas.

"Those who put the interests of Soviet Russia ahead of the interests of America know that Mrs. Douglas has been in the forefront of every move which would check world communism and strengthen and extend democracy."

TURKEY WHIST SLATED FOR NEXT SATURDAY

Getting in the spirit of the year, the LOL No. 118 will hold an annual Turkey whist Saturday, November 4.

The whist will be held at the Daly City Masonic Temple, 17 Hillcrest drive.

The public is cordially invited to attend.

Dolwig & Group Study Health Plan

Assemblyman Richard J. Dolwig has returned from four days of committee hearings in Los Angeles.

The various medical plans operating in California are now being studied by the Finance and Insurance Committee of the State Assembly. Dolwig is a member of this committee.

Dolwig stated there are more than 30 medical benefit plans in operation in California. Many of these are performing a good service at a reasonable cost, he stated. The San Mateo County legislator also stated that several of the plans are being operated as "rackets" and that it is the purpose of the legislative committee to issue a full report on the merits of the respective plans.

Dolwig estimated the "racket" type plans cost California residents approximately $3,000,000 a year.

Governor Warren Meets The Girl

Many years ago in the club car of a train from Los Angeles to San Francisco a girl sat next to a fine-looking young man.

As people do, they started a desultory conversation, but were soon deep in a discussion of juvenile delinquency, its causes and cures. The young man talked and the girl listened spellbound for a couple of hours. The man was Earl Warren, then District Attorney of Alameda County, and he showed a rare understanding of human nature and its problems. He spoke of his hope of some day putting into practice a far-reaching plan for aiding delinquent youth. The plan was very clear in his mind and the girl wished him success in the accomplishment of his vision.

Because the girl had been so interested, she watched Mr. Warren's career. Since he has been governor, California has set the pattern for many other states in rehabilitating youths in conflict with the law. The hope he voiced so long ago is taking concrete form. In this state the Youth Authority, in operation since 1943, now treats each ward as an individual. It studies him and the causes of his misbehavior. It places him in a school where he will have companions of his own age group and where he can be trained to develop his interests and abilities.

Julie Grigg of Burlingame, who was the girl in the long-ago incident, said "I believe this one program alone would be reason enough for re-electing Earl Warren as governor. In the many years of my work with various welfare agencies in San Mateo county, I have discovered nothing but the highest regard for the governor's accomplishments, but the apathy of the public seems to me a dangerous thing. We cannot afford to have the progress which has been made sabotaged. We must all give a thought to the importance of our votes on November 7, for the welfare of our state is at stake."

BANANA CAKE

Out of the jungles of Central America Harry has come with loads of fresh bananas. Back in his bakery, the "happy baker" has peeled each of the bananas carefully so as to retain all the natural, wild flavor. Then, with speed (alarming for Harry's pounds of joy) he has slapped the bananas into this tasty cake. The result of the Central American trip will be yours for the small price of this week's special.

SM County Demo Committee Urges Vote For Roosevelt

Frank W. Rose, chairman of the San Mateo County Roosevelt for governor committee, and Marion H. Kent, county Democratic chairman, today urged a vote for James Roosevelt, only Democratic candidate for governor, on the basis of his cooperation with the national administration; his background as an experienced leader, combat veteran and business man and his stand on major political issues.

Rose and Kent pointed out that, as a leader, Roosevelt had served his country well in many ways. He received high praise for his work as assistant to the President of the United States when he shouldered the burden of directing and coordinating the 18 independent Federal agencies, a responsibility greater than that of any individual cabinet officer.

In California, he became active in various veteran organizations and helped solve some of the acute problems affecting veterans.

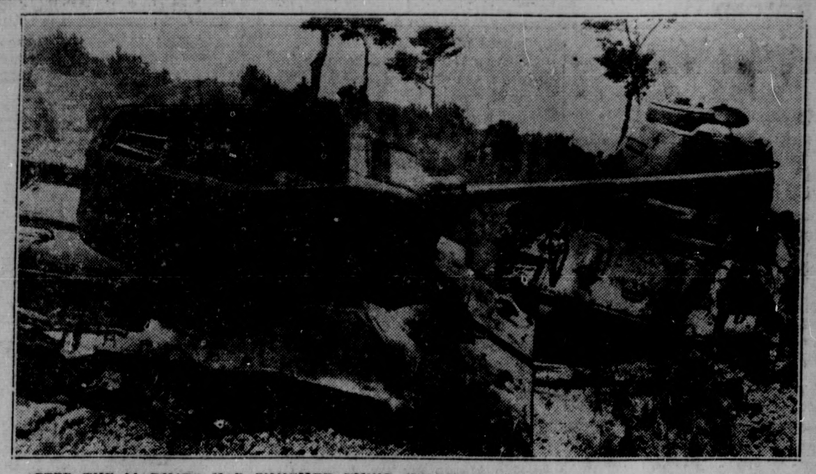
In 1946 Roosevelt was elected chairman of the Democratic State Central Committee. In 1948 he became Democratic National committeeman from California, a position he now holds.

In November, 1940, Roosevelt went into active service as a combat marine. In less than two months after Pearl Harbor, he was overseas and under fire in Midway. He led a detachment in the successful assault against the Japanese in the Solomon Islands in the summer of 1942.

He was executive officer in the Markin Island invasion by the famous Carlson raiders. He showed competent administrative ability in participating in the planning and execution of the final campaigns in the Pacific.

He was decorated by the government for courage and gallantry in action against the enemy, being awarded the Army Silver Star and the Navy Cross. In August, 1945, after five years of military service, he was released from active duty and returned to his insurance business in Los Angeles.

He has had over 15 years of success as a business man.



AFTER THE MARINES HAD FINISHED THEIR WORK—These Communist tanks somewhere south of the 38th parallel in Korea would make a junk dealer's mouth water. They were suddenly converted into first class scrap iron when they tried to head off advancing Leathernecks. Such wreckage is common on Korean roadsides since the Communists began their retreat.

DR. WARREN'S ESTATE TOTAL NEARLY $900,000

The estate of nationally-known tuberculosis specialist Dr. Harry C. Warren totals $898,359.

Dr. Warren is better known throughout San Mateo county as the half owner of the Benjamin Franklin hotel in San Mateo.

Dr. Warren, whose home was at Atherton, died July 29, 1949. He was 68. Up to three years prior to his death he operated the California Sanitorium, Belmont.

The inventory in his estate was filed in superior court at Redwood City last week by James A. Lee, inheritance tax appraiser.

Sample Ballots Mailed Voters

Every registered voter in San Mateo county this week received a sample ballot, polling place notice and pamphlets pertinent to the November 7 general election.

The election "supplies" were mailed to the 118,779 county qualified voters last Thursday by County Clerk Augustus.

Augustus warned against premature inquiries into failure to receive sample ballots for the election.

"Due to the large quantity which places a considerable burden on post offices throughout the county," Augustus said, "It may require a week or so before all deliveries of election material are completed.

"It is therefore requested that inquiries pertaining to sample ballots be postponed until some time as post offices have had opportunity to complete delivery of the material."

Total weight of all the election matter dispatched from the department approximated six and one-half tons.

Tables Turned, But Hard On JS Hospital Nurse

Reversing her role as nurse at the Junipero Serra hospital, Mrs. May Witt, 42, underwent treatment there last Wednesday morning.

Mrs. Witt suffered multiple cuts and bruises and shock when her car overturned at Hillside boulevard and Market street shortly after 10 a.m.

She was taken "home" to Junipero Serra hospital for treatment. Her condition is reported as excellent.

Inaugurate "Operator No. 25" For GMC Trucks

Owners of GMC trucks have been given another important free service feature with the inauguration of "Operator 25," which permits drivers on the road to locate the nearest GMC-approved service by making only one telephone call, it was announced today by John E. Johnson, general sales manager for the GMC Truck and Coach Division.

The new system of finding GMC service facilities the easy way in any part of the nation is a phone call to the nearest Western Union office, whose Operator 25 tells the driver where to go for service.

"Operator 25" tells the locations of approved dealer service points for both GMC Diesel and GMC gasoline-powered trucks and tractors.

The new service is the first of its kind in the trucking industry and is expected to save considerable time as well as being a convenience for operators of GMC units, Johnson said. The GMC Truck and Coach Division will pay the post of the system.

ABOUT WAX FINISHES

Applying a wax finish to the car is believed by some motorists to forestall the possibility of repainting at a later date, according to the National Automobile Club. The assumption is entirely unwarranted. The wax is easily removable. Moreover, in connection with its use, it is well to remember that it is one of the most effective ways of obviating the necessity for having the car refinished.

Drive sensibly and stay safe, advises the National Automobile Club.

"Fresno" is Spanish for "ash."

IMPORTANT DATES NEXT WEEK

November 6, 1826 Capt. Frederick W. Beechey, of the British Navy, mapped San Francisco Bay.

November 7—Election Day.

November 8, 1936, California Disputacion issued Declaration of Independence; California remained a free state for eight months.

November 9, 1848, First United States post office in California opened in San Francisco.

November 9, 1822, First provincial legislature elected; met in Monterey.

November 11 — Armistice Day.

November 12, 1936, San Francisco - Oakland Bay bridge opened.

Is Your Life Worth Good Lights?

You bet your life when you drive your car at night without proper lights — both front and rear — the California Highway Patrol told motorists today.

Traffic hazards greatly increase with the lengthening hours of darkness, it was pointed out. Vehicles with blinding, improperly adjusted headlights or "one-eyed" cars are menaces on the road and can easily lead to a fatal accident, the Patrol said, adding that tail lights which are barely visible or out entirely can also mean disaster.

"Have your car's lighting equipment checked by a competent mechanic, dim your headlights for approaching cars and keep down your speed," was the Patrol's recipe for safe nighttime autumn and winter motoring.

Dyer Joins Dyer At Twin Cleaners To Serve You

When one Dyer says he'll clean your clothes, you can bet they'll really be clean; but when two Dyers make the same promise, look for an extra special good job

And that is just what Robert L. Dyer and Robert L. Dyer, father and son at Twin Cleaners, 6772 Mission street, promise all their customers.

The elder Dyer this week announced that his son has joined him as a partner in the firm that has so long and faithfully served Daly City.

"My son's an expert spotter, one of the best in the business," the elder Dyer said with an understandable pride.

Other Daly City residents probably remember young Dyer for more than his prowess in a cleaning shop. A graduate of Jefferson high school, Dyer made a name for himself while in school as a football player.

Then, before he joined the navy Dyer was the key man in the D. C. Juniors ball club. He has always been active in local sports and promises to continue his support of the Daly City teams.

Now, if you think two Dyers in the cleaning business are enough, take a look at young Dyer's family. He has a three year old boy, also named Robert Dyer, who has already shown some interest in cleaning. In addition, another member of the family is on the way.

Looks before long as if the Dyer family may have a corner on all the cleaning business in Daly City.

Parents' Group Endorses Tormey For Superintendent

At a special meeting Thursday evening members of the Parents of Handicapped Children of San Mateo County, Inc. voted unanimously to rescind a formerly approved policy of being non-commital on the school superintendent issue in order that they might specifically and wholeheartedly endorse the candidacy of James R. Tormey for the office of County Superintendent of Schools.

This was announced today by Maurice M. Hack of San Mateo, president of the organization.

It is a non-profit organization comprised of parents and friends of the handicapped and cerebral palsied children residing in San Mateo county. Many of these children attend the El Portal del Sol School at Millbrae, a school for cerebral palsied children which is operated directly by the office of the County Superintendent of Schools.

At the meeting Thursday night the parents expressed a feeling that the vital issues of this campaign are:

1. Closer cooperation between the County Superintendent of Schools and parent groups.
2. Elimination of waiting lists in county schools for those children who are otherwise denied a normal education.
3. The foresight to plan and the determination to act on existing and county-wide educational needs.
4. Experience in administering the educational needs of children at all age levels.

The group expressed themselves in favor of James R. Tormey because it is their thoughtful conclusion that he is the only candidate qualified to plan and to administer an educational program which would serve the best interests of all children in San Mateo county.

(Paid Political Adv.)

EDITORIAL REPRINT
Redwood City Tribune, Mon., Oct. 23, 1950

WE MUST CHANGE SHERIFFS NOW

This editorial is addressed to the people who are rearing their children in San Mateo County. It is about the election on Nov. 7 and it concerns the office of sheriff.

Many of you have come to our county rather recently. You are all anxious to make San Mateo County a wholesome county. Whether you know it or not, your big opportunity comes in the general election this year.

The present sheriff is a big, affable man. He has many friends. He has so many friends that for 23 years he has been invincible in his elective office.

In this same period there have been many unsavory headlines about San Mateo County. Many of them concerned gambling in areas under the sheriff's jurisdiction. In this period there have been a number of finger-pointing grand jury reports. The people reelected the incumbent sheriff, however, and if you want a simple reason: They had little choice.

Four years ago a former member of the sheriff's staff ran against him. With virtually no support this opponent scored so many votes that the careful observers noted that the myth of political invincibility was deflated. After the primary election this year, when there were five candidates, the myth was flattened. The incumbent was second.

The top man was Earl Whitmore of Redwood City. He is a young man and an honest one. He is a police officer, a war veteran. He waged a campaign "for" Whitmore and "against" no one. He has the character and the energy to do the kind of job the good people of this county want done.

Many thousands of words will be printed between now and election day. Much political fog may becloud your vision.

But just remember this: This is a choice between good government, or continuing what we have. Mr. Whitmore has the character, the courage and the energy to remove some of the unwholesome aspects of San Mateo County's recent history.

Mr. Whitmore is an odd-on favorite to win.

The gamblers know this. They have offered him thousands of dollars for his campaign fund in the general election. He has refused them.

Mr. Whitmore can be defeated, but only if the good people of this county are apathetic or confused. You have the chance of a lifetime. Don't sleep through it.

(Paid Political Adv.)

STOP THE "FIX"

Wide-open, commercial gambling would be "fixed" in California if the promoters of Proposition No. 6 put over their scheme.

The promoters *name themselves as a 5-Man Gambling Commission* with *absolute power for six years* to make their own rules, issue and revoke gambling licenses, and run their own gambling establishments.

They would be handed 6 million dollars from the State Treasury just to get started! And they could send *you* to jail for playing penny-ante poker at home if you didn't get a license from them first!

Under Proposition No. 6, gambling spots would be *exempted from local taxes*—yet local communities would be burdened by the huge cost of *increased police protection* against the horde of racketeers, gangsters and hoodlums that Proposition No. 6 would attract to California.

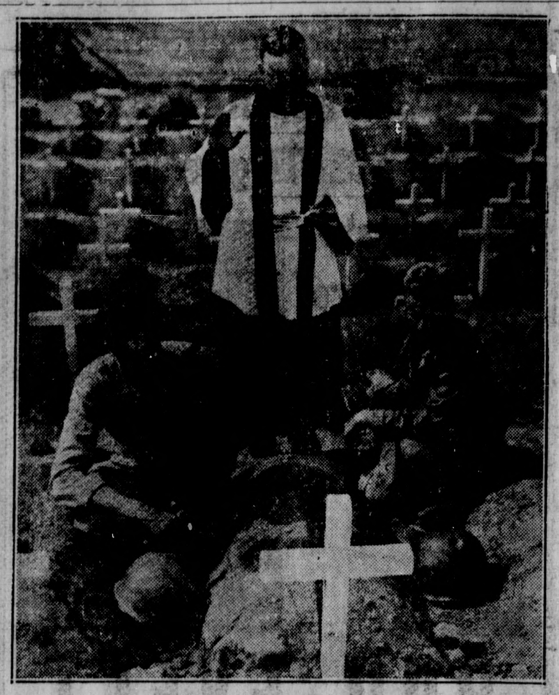
BROADWAY STARS APPEARING IN "THE MEDIUM" & "THE TELEPHONE"

Three of the Broadway stars of Gian-Carlo Menotti's famed musical plays, "The Medium" and "The Telephone," which will open at the Curran Theatre on Monday, November 6. Left to right, Maria D'Attili, lyric soprano who stars as Lucy in the gay and tuneful "The Telephone;" Mary Davenport as Madame Flora, the fear-ridden spiritualistic medium in the exciting melodramatic "The Medium;" and Loren Welch who is the only male singer in both of these musicals which will be presented on the same program. These two musical plays, which have played to packed houses in New York for more than 600 performances, will be presented nightly here with a matinee each Saturday. "The Medium" has been described by Broadway, London and Paris critics as the most suspenseful musical play on record. It is the story of a fake spiritualistic medium who loses her mind when she begins to believe in the occult and turns into a homicidal maniac.



AT THE GRAVE OF THEIR BROTHER—Pfc. Russell A. Albert, Jr., (left) and Pfc. William H. Albert kneel at the grave of their brother, John Stewart Albert, at the Masan Military Cemetery in Korea while Lt. Cmdr. (Chaplain) Orlando Ingvoldstad, USN, reads the burial service. The brothers are the sons of Russell A. Albert, Sr., of 21 East 21st Street, New York City, whose three boys enlisted in the U. S. Marines. Russell, the deceased son, was killed in action August 26, 1950. (Department of Defense photo by S/Sgt. Walter W. Frank, USMC).

No Ceiling Now On Navy Enlistment

The Navy recruiting service announced today that enlistments for the Navy, with few exceptions, are unlimited.

The quota is limited for those enlisting under the High School Graduate Training Program, musician, electronic's technician, and the general service programs are unlimited.

Young men between 17 and 31 years of age are asked to stop in at your local Navy recruiting station and inquire about the unlimited opportunities the Navy has to offer. Remember — you don't need experience. If you show the right qualifications, the Navy may send you to a school and give you trade training, teaching you to be an expert in the trade for which you are qualified, helping you to develop all the skill and talent which you always knew you had.

Inquire today, an hour of your time may bring you generous and satisfying dividends in training and travel, along with a secure, well-paid career.

For further information, phone DI 4-2781, or better still, visit your Navy recruiter in the Post Office Building in San Mateo or the vestibule of the county Courthouse in Redwood City. Office hours are from 8:30 a.m. to 4:30 p.m. Monday through Saturday.

SF Civic Auditorium May Be Rehabilitated

A survey to determine how the San Francisco Civic Auditorium may be rehabilitated is before the Board of Supervisors for approval.

The Down Town Association initiated the action to make the building more suitable for conventions. Among the Association's recommendations were removal of all office tenants except the San Francisco Convention and Tourist Bureau, and installation of another exhibit floor in the present basement.

The remodelling, if undertaken, should be financed over a period of years by proceeds from the auditorium, it was suggested.

San Francisco was first known as "El Paraje de Yerba Buena"—the place of good herbs.

The Stanislaus and Tuolumne rivers were named by Gabriel Moraga, Spanish explorer, in 1806.

Gerrans Paint Store Now Features New Modern Colors

Modern hues for modern color styling are especially designed to make your decorating more fun and exciting, Al Gerrans, of Gerrans Paint Store, 164 School street, said today.

Gerrans pointed out that the "daze" of old-fashioned guess work and color matching are things of the past. He now offers exciting new paints that have been carefully selected and blended to a sure perfection in true modern color harmony.

"In the Modern Hues broad color range, from rich deep tones to the light delicate tints you will find it easy to match your rugs, drapes, furnishings or even that certain tone of gray-green in your mind's eye," Gerrans said.

You too will agree that masterpiece is the only word to truly describe these modern hues created by the L&H Modern Paint makers.

Drop into the Gerrans Paint Store today and see these modern hues for modern color styling.

Thomas Callan Sr. Backs Nixon's Fine Record

Calling upon voters to study the true facts, Thomas Callan Sr., prominent Daly City real estate broker and active member of the San Mateo county Nixon-for-Senator committee, today discredited misrepresentations made by Mrs. Helen Gahagan Douglas of Congressman Richard Nixon's voting record on aid to Korea.

In a public statement issued from campaign headquarters in Burlingame, Callan pointed out that the only time there has been a vote in the House on military help from Korea was in October 1949 on the Military Assistance Program bill. Nixon voted for this bill.

"Furthermore, the record shows that Nixon has, in every instance, voted for military assistance to friendly foreign countries for the purpose of resisting Communism."

Callan adds:

"Mrs. Douglas no doubt refers to a house vote, January 19, 1950, on a bill providing economic aid to Korea. Congressman Nixon voted against this bill because it contained no provision for the economic aid to Formosa. The bill was defeated. A new version of the bill, providing aid for Formosa and other Communist-threatened areas in the Far East, Korea included, was passed by the House, 240 to 134 on February 9, 1950. Congressman Nixon voted for the new bill. He has been a staunch supporter of aid to Korea but believed we also should help stem Communist aggression in other critical areas of Asia."

The Nixon-for-Senator chairman asks:

"Why did Mrs. Douglas couple the name of Nixon with her political chum, the radical Marcantonio?"

"Obviously because she is trying to becloud her own record on measures aimed at halting the spread of Communism. Like Tweedledum and Tweedledee, she and Marcantonio have joined many times against actions by the Congress and the President to strengthen our national security and bolster the democratic world against Communism."

Callan asked further consideration of voting on these key issues:

1. On May 9, 1947, on the bill to give military aid to Greece and Turkey, which passed, Nixon, For; Douglas-Marcantonio, Against.

2. On June 18 and 19, 1948, on passage of the Selective Service Act of 1948. Nixon, For; Douglas-Marcantonio, Against.

3. On July 15, 1947, on the bill setting up a loyalty program for government employees, which was passed 319 to 61. Nixon, For; Douglas-Marcantonio, Against.

4. On July 12, 1950 (after the North Korean invasion) on the bill to permit the heads of key federal departments to discharge workers they deem poor security risks, just as already permitted in the armed service departments, which passed 327 to 14. Nixon, For; Douglas-Marcantonio, Against.

"In addition," Callan declared, "on November 26, 1945, Mrs. Douglas introduced a measure to withdraw the U. S. Marines from China. At various times she has voted against motions in House Foreign Relations Committee to give help to the anti-Communist government of China, just as she fought aid to Formosa at the time of the vote on the first Korean economic aid bill."

He points out that on October 4, 1945, Mrs. Douglas stated our atomic energy secrets should be given to the United Nations, which means the Soviet Union would have obtained these secrets.

"The issue," as stated by Callan, "is that Congressman Nixon has an outstanding record on Anti-Communist and preparedness legislation and he invites comparison with the record of Mrs. Douglas. If the record is kept straight, if his supporters will nail to the wall such distortions of truth as this one concerning Korea aid, his election to the U. S. Senate is assured."

SOUTHWESTERN ARBORETUM

Southwestern Arboretum, located between Florence Junction and Superior on U. S. 80 in Arizona, is reported by the National Automobile Club to be a unique wonderland of plant life. Founded by the late William Boyce Thompson, the arboretum contains ten thousand varieties of plants from every continent.

Defeat the Tax Shift Scheme!

Proposition No. 1 would remove all personal property from taxation in California. The revenue loss (some 200 million dollars a year) would have to be made up from other tax sources—most likely from sharply increased taxes on small property owners, increased sales taxes, or both!

The bulk of personal property taxes is paid by a special class of business concerns who own little or no real estate, but have large investments in inventories, parts and equipment.

Proposition No. 1 is an attempt on the part of a few to shift their rightful share of the cost of government to the general public.

Don't pay somebody else's taxes!

Broadmoor Vets To Sell Xmas Trees

The Broadmoor Post No. 824 of the American Legion and the Lake Merced Post No. 9921 of the Veterans of Foreign Wars are going to get together this year and sell Xmas trees.

They did the same thing last year and from the proceeds they had a very successful Xmas party for the youngsters of the Broadmoor and Garden Village area. The highlight of the party was the arrival of Santa Claus. Just as the party was about over, there was a very loud buzzing in the sky and everyone looked up to see a helicopter circling over the festivity. Lo and bhold, who was leaning out of the 'copter but old Saint Nick himself.

After landing in the adjacent field, Saint Nick gave out stockings to each and every child present. The stockings contained such presents as crawling dolls, egg laying chickens, oranges, candy, etc.

It was such a success that the two Posts decided to get together and support the party again this year, so Be on the Lookout for the Xmas Tree Lot Displaying the Emblems of Both the Posts.

Harry's Market Celebrates Second Year In Daly City

Harry's Market, 6524 Mission, this week is celebrating its second birthday.

Harry, who has had more than 25 years of experience in retail grocery work, wishes to thank his numerous customers for their overwhelming support and patronage.

As one of the most modern markets in Daly City, Harry's Market is a real credit to the growing community.

During the past two years Harry has offered his customers the best in a wide and varying selection of groceries. His prices on groceries as well as beverages, fruits and vegetables, frozen foods and meats and hardware are the lowest obtainable in the Daly City area.

Harry's kind and considerate service has made many lasting friendships.

But not only can Harry claim all the credit for his success. He readily takes off his hat to his wife, a graduate of the University of California, who has assisted him greatly to build his business in Daly City.

Now that the store is two years old, Harry promises to continue his policy of the very lowest prices for the finest articles obtainable.

"On behalf of myself and my wife, wish to thank all my customers for their friendly business," Harry said today. "I hope to continue serving you for many years to come."

The customers of Harry's Market are certain that Harry, with his 25 years of experience, is not fooling. He, they are sure, will carry on the fine service that has made Harry's Market the better place to shop in Daly City.

SLOW DOWN AT SUNDOWN

Always slow down at sundown, advises the National Automobile Club. To drive safely you must see clearly, and the headlight hasn't been invented yet that illuminates the highway as well as does the sun.

Mono Lake is called the Dead Sea of America.

Summer in San Francisco is cooler than fall.

West Point's Door Open To Member Of National Guard

Major General C. D. O'Sullivan, the adjutant general, announced today that Governor Earl Warren had been informed that the Departments of the Army and Air Force will conduct a competetive designating examination among California National Guardsmen for the selection and appointment of candidates for admission to the United States Military Academy, at West Point, N. Y., July 1, 1951.

The examination will be held on November 15, 1950, at locations to be selected.

"There is no limit to the number of candidates who may compete in the designating examinations," General O'Sullivan said. He has urged full participation in the examination for all eligible Air and Army California National Guardsmen.

Ninety candidates will be selected by the adjutant general of the Army on the basis of their designating scores, the results of which will be made known about December 15, 1950. Those selected from the various States and overseas will be authorized to undergo the March 1951 West Point entrance examinations.

In 1949 all four of the California Guardsmen recommended by Governor Earl Warren passed the entrance examination and received appointment to the Military Academy, General O'Sullivan said.

General O'Sullivan pointed out that "any Guardsman who is on extended active duty at the time he is appointed as a candidate, may upon his own request, and provided he passes a preliminary physical examination, be transferred to the Military Academy's preparatory school at Stewart Field, N. Y., which," he added "is conducted primarily to assist all duly appointed candidates to pass the West Point entrance examinations which are held annually in March."

Applicants who compete in the examinations must have reached their 17th but not their 22nd birthday as of July 1, 1951; must have completed one full year of qualifying service, and, if admitted to the Military Academy, must be in an active enlisted or active reserve status at the time; be citizens of the United States; must be unmarried and never have been married; have high school or equivalent education, including at least three years of high school mathematics; be of good moral character and free of civil or military court convictions; possess a capacity for leadership, and be physically fit prior to entering the Academy.

In addition to members of the National Guard, other reservists eligible to take the examination are members of the Organized Reserve Corps and the Air Force Reserve.

TRUTH ON HISS CASE

"It should not be forgotten that Alger Hiss probably would have gone untouched had it not been for...the work of REP. NIXON of California. It was a hard uphill battle."--Washington Star

"It was Nixon's persistent and intelligent work, despite the obstructionism of the State Dept. and the Administration generally, that finally broke the Hiss Case."--Newsweek.

"Without Cong. Nixon and the Un-American Activities Comm., there would have been no Hiss Case."--R de Toledano

Excerpts compiled by Nixon:

Then, for the first of many times, Alger Hiss began to change his story. He scratched his head, and said, "Well, Mr. Nixon, I've been thinking, I do recall that back in 1935, I met a man by the name of George Crosley. I recall that I sublet my apartment to him for three months during the summer of that year and, incidentally, I just threw in an old 1929 Ford car that I had on the deal. I didn't need it any more myself, so I gave it to him as part of the rental deal. I recall also that he never paid me a cent on the rent.

He also touched me up for several loans that he didn't pay back. On one occasion, I gave him a ride to New York in my car. And oh, yes, I recall that he gave me a rug. And I remember too that Mrs. Crosley and Mr. Crosley and their infant daughter, spent several days with Mrs. Hiss and me in our apartment before they moved into the apartment that we had sublet to them, but I didn't know Crosley very well and I am sure that Crosley could not be Chambers. In any event, I swear that I am not or was not a member of the Communist party."

We knew then the time was right to strike. Consequently, the Committee, twenty-four hours later, went to New York. We rented a room in the Commodore Hotel — Room 1400. It was there that the Hiss-Chambers Case was really broken. Because that hearing was secret, as much as possible, you may not have read an account of it in your newspapers. I think it might be well to describe what happened, since in this hearing, you can see the Communist conspiracy in action, in its more sinister, twisting, avoiding, deceptive aspects.

We brought Mr. Hiss into the room first. We then brought Mr. Chambers into the room. After the two men were seated, I asked them both to stand. I then said, "Mr. Hiss, this is Mr. Chambers. I now ask you, have you ever seen this man before in your life?" Mr. Hiss said, "I wonder if you would have him speak?" I said, "Mr. Chambers, will you please state your name and your business?" Mr. Chambers said, "My name is Whittaker Chambers. I'm a senior editor of Time magazine."

Hiss Quibbles

Mr. Hiss said, "Well, the man that I remember as Crosley, Mr. Nixon, had a lower-pitched voice than that. I wonder if his voice was lower-pitched than that when he appeared before your Committee the first time?" I said I didn't think so. He said, "Well, I wonder if you would have him speak some more?" I said, "Yes, and I handed Chambers a magazine and asked him to read from it.

As Chambers read, Mr. Hiss advanced upon him, put his finger within three inches of Chambers' mouth, and added, "Open your mouth wider," and turned to me and said, "I want to see his teeth, Mr. Nixon. The man I remember as Crosley had very bad teeth," and then he looked into Chambers' mouth. He then turned to me and said, "I wonder if you would ask him if he has ever had any work done on his teeth?" I said "Yes, have you, Mr. Chambers?" Mr. Chambers said, "Yes, as a matter of fact, I did have some bridge work done on my mouth a few years ago." I said, "Now, Mr. Hiss, does that satisfy you? Are you willing to identify this man as the one you once knew?"

Mr. Hiss hesitated a moment and said, "No, I feel that I'll have to check further. I wonder if I could get the name and address of the dentist who did the work on his teeth?" I said, "Now, Mr. Hiss, do you mean to tell me that you would have to check with the man's dentist to see just exactly what he did to his teeth before you could identify him as someone you knew as well as you once knew George Crosley?" There was a dead silence in the room for about thirty seconds. Hiss sat there in the witness chair squirming and twisting, looked up at the ceiling, down at the floor, out of the window, and then changed the subject.

About thirty minutes later, he finally broke down and admitted that Chambers and Crosley were the same man, but he continued to deny that he had known Crosley as a Communist or that he had been a member of the Communist Party.

The case, then, you can see, was broken because when the word got out about Hiss' ridiculous performance before the Committee, he felt that in his position, it was necessary that he vindicate himself, and consequently he sued Chambers for slander, for calling him a member of the Communist Party.

Again

Two weeks passed, two weeks in which I learned that no one questioned Mr. Chambers further and no one from the Justice Department questioned Mr. Hiss. At the end of that two-week period, a United Press dispatch was published all over the United States, which read as follows:

"The Justice Department is about ready to drop its investigation of the celebrated Hiss-Chambers controversy. Officials said privately that, unless additional evidence was forthcoming, they are inclined to forget the whole thing. They said that, on the basis of available evidence, officials in charge of the case believe it would be unwise to take it before a Grand Jury." But, at the time that this statement was issued from the Justice Department, the Department had had in its possession for two weeks these documents in the handwriting of Hiss, and written on his typewriter, which Tom Murphy, the very able prosecutor of Hiss, had termed, "The immutable proof of espionage."

Again

It is obvious that, unless the Committee on Un-American Activities had been in existence, Alger Hiss would be free today. Mrs. Douglas, by her vote against the Committee, if she had had her way, Alger Hiss, instead of being the convicted perjurer that he is, would be one of the top officials in our State Department.

It is obvious that Mr. McGrath is playing partisan politics with the National Security. His time could be better used attending to his duties of enforcing the laws of the land. If Mr. McGrath would attack the Communist conspiracy in this country as vigorously as he has attacked those members of the Committee on Un-American Activities who have been successful in exposing that conspiracy, the problem of subversion in this country would not be as serious as it is. If he would devote as much time and attention to enforcing the new Communist Control Bill, as he is in attempting to discredit it and praising those who voted against it, the security of our country would receive the protection it really needs.

VOTE NIXON FOR SENATOR

(This Adv. Sponsored and Paid for by Joseph Sarto)

DETOUR PROVES FASTER

If you have your choice between making a detour or attempting to pass the open half of a road under repair or reconstruction, the highway engineer and the National Automobile Club unite in counseling you to make the former your choice.

It is the faster route, they say, in almost every case. It is particularly so when the road under repair is carrying a considerable volume of local traffic, which never is in such a hurry as that bound for distant places.

COURTEOUS DRIVERS

Courteous drivers are safe drivers, declares the National Automobile Club.

OAK CREEK CANYON

Oak Creek Canyon, located in the eastern part of Yavapai county and the southern part of Coconino county in Arizona, is reported by the National Automobile Club to be a favorite resort of the angler. It is considered to be second only in beauty and marvelous coloring to the Grand Canyon.

THE BUS AS A TORTURE INSTRUMENT

By Ridgely Cummings

I have just staggered out of a bus after 48 hours of immolation and hereby take the vow: never again!

Of course I knew better than to ride the bus on a long trip but the human memory is a frail vehicle, or at least mine is, and after a while one forgets the discomfort of an experience and remembers only the pleasant things.

So sure am I of the undependability of my memory that I'm not taking any chances this time. It has been only an hour since I pushed my way through the sweaty throng in the bus station and came home and already I'm losing my vindictiveness against the bus company. If I waited until after I had a bath and a sleep this column would be entirely different.

Even now, sitting at ease, I'm not turning out the same piece I composed in my head a few hours ago.

Skin-tight Chauffeurs

That one was a dilly. I wish I could remember it. I compared the bus drivers to storm troopers, mostly because they wore skin-tight blue-gray shirts and trousers and carried their ticket puncher on their hip like a weapon. But there was more justification for the characterization than that.

They are a surly lot, the long-distance bus drivers. We changed drivers every eight hours or so and consequently I saw quite a few of them on this trip and only one of the lot made any attempt at courtesy when answering questions.

The others were taciturn, laconic and rather contemptuous of their passengers.

It is the same way with the waitresses at the scheduled stops. They are over-worked and, faced with a troupe of weary, hungry, disheveled passengers who must eat with one eye on the clock, they tend to be scornful. Perhaps it's because they don't get any tips.

Bus riders don't tip for two reasons: 1. usually they are riding the bus because it is a cheap form of transportation and they want to save money, and 2. they are outrageously overcharged at the restaurants at which the bus deposits them. For instance, in Blythe, on the California-Arizona line, I was charged thirty-one cents for coffee and a butterhorn, the sweet roll being a bedraggled thing that one could purchase anywhere else for a dime.

Robbed of Dignity

My biggest criticism of life on a bus is the lack of human dignity that one must accept. We all have certain physical functions to perform but there is something squalid about standing in line for this purpose.

Also why do the bus companies think that a mirror is an unnecessary luxury in the men's rest room? As one of my fellow passengers remarked, if the women found their place without a mirror they would tear the joint apart.

But perhaps the absence of mirrors is a good thing for one doesn't have to watch his beard grow, his shirt collar blacken and his eyes become bloodshot.

It is true the bus rider saves a little by using the vehicles. But he pays for it in immobility. He just sits, for hours at a time. His underwear creeps up, his shirt tail comes out and his legs, if they tend to be at all lengthy like mine, go to sleep.

Well, I think I've said enough to give you an idea of how I feel. It's a rough go but into each life a little rain must fall and when you climb aboard a bus you should be prepared for a deluge.

Sometimes you are rewarded for all this by meeting an interesting seat partner. I rode a couple hundred miles with a girl who as a WAC in North Africa and Italy had done secretarial work for Ernie Pyle, Hal Boyle and other famous scribes and was full of anecdotes.

Many Lonely Widows

But, and I hesitate to say this for fear of antagonizing a goodly share of my readers, the carefree, cheerful soul on a bus is a rarity. Many of them are harassed and worried about family and money matters and a large portion of the rest are stout, middle-aged women with no particular interest in life.

These fiftyish and sixtyish women, widows I suppose, sit doggedly surrounded by their bundles with their jaws clamped and their eyes glaring disapproval. They get off after seven or eight hours but others just like them come to take their place. I talked to a few of them and their stories are much the same. They have sold their home and are spending the proceeds bouncing around visiting children and grand children, poor rootless wanderers who have raised their families and outlived their husbands or divorced them and now are embittered because no matter how much they travel they seldom find a genuine welcome upon their arrival.

These old girls are more to be pitied than disliked but when they prod you with their elbows and bang you with their innumerable bags, coats, vanity cases, bundles and purses it is difficult to retain the philsophic outlook.

I've filled all my space without saying a word about the drunks, the coughers, the sneezers, the people who drop things under your feet and spend half the trip crawling around on their hands and knees looking for the objects, and the steady talkers who won't let you read in the daytime or sleep at night.

So be warned by my lot, though I fear you will not, and learn about buses from me. I've taken the cure and it ought to last until the inevitable next time that I find myself wanting to get some place in a hurry and a little short of the ready scratch. Then I guess I'll climb aboard again.

WHEN HORSES CAME TO NORTH AMERICA

Horses were introduced into the southwestern area of North America by the Spanish explorers who visited New Mexico between 1530 and 1540, according to the National Automobile Club.

Mr. and Mrs. James R. Tormey and son, James Jr., a student and member of the football team at San Mateo High School. Mr. Tormey, candidate for County Superintendent of Schools at next Tuesday's election, has been active in school work at all age levels in San Mateo County for the last 17 years.

Good Will USED CARS SPECIALS

'49 FORD CLUB COUPE

This is a steal. Turman is offering you an almost new car equipped with radio, heater and overdrive, plus a super sun visor, for the lowest price possible. Also this black beauty can boast of one careful driver who left the car in as good condition as the day he bought it. This one will go fast, so see it today.

$1595

'41 HUDSON CLUB COUPE

So you want cheap, efficient transportation? Well, Turman has the answer in this blue machine equipped with sun visor and radio. It isn't new, but it's had wonderful care. And the price? Hold tight, it's only...

$195

'49 CHEVROLET CLUB COUPE

Some say Turman is crazy, but his madness should delight the buyer of this car. Just yesterday Turman took one look at this car and said: "I'll lose money, but let's knock $200 off the sales price." His assistants shook their heads. Where, they said, can you get a two tone blue and gray machine with radio and heater for only $1695? Turman said: "Right here, son." It hurts, but the price is only...

$1695

'41 BUICK SEDANETTE

They have to rope this car down on the Turman lot...it just has too much fresh, new power. Of course it doesn't look like much from the outside...it needs a lot of metal work...but, gad, does it have power. In addition there's a fine radio and heater, as well as seat covers. Stick a gun in Turman's ribs, and take it for...

$295

'48 FORD 4-DOOR SEDAN

Turman is wondering if the one and only owner of this machine ever took it out of the garage. When you see the speedometer and the low milage you'll wonder too. This dark green job, with radio and heater, is going at the low price of only...

$1295

Whitmore Endorsed By Three North County Groups

Speerheading the drive to elect Earl B. Whitmore the first new sheriff in San Mateo county in nearly a quarter of a century, are three committees in the northern part of the county, Wilbur A. Bishop, Whitmore's campaign manager, announced this week.

Heading these committees are Thomas Jenkins, prominent Broadmoor attorney — Broadmoor, Colma, Daly City area; Robert McWhorter, commander of the 26th district of the American Legion and past commander of the South San Francisco post — South San Francisco area; and Mrs. Margaret Sowle in Bayshore City.

In Keynoting the feeling of many San Mateo county voters, Perry A. Bygdnes, general chairman of the "Whitmore for Sheriff committees" said, "In June a majority of San Mateo county voters apparently voiced a clear-cut desire to see a change in the administration of the Sheriff's office. A period of 24 years in one office by one man is a long time and I feel that it is time to change. In Earl Whitmore, we have a candidate well qualified and able to properly administer the duties of the Sheriff's office."

"Even though it is apparent that Whitmore is continuing to gain support and strength throughout the county and especially in the northern section," Bishop said, "every one of his supporters should continue to exert his utmost efforts to assure his election on November 7 and give San Mateo county a sheriff who is active, experienced, capable and willing to enforce all laws equally and impartially."

Whitmore has been endorsed by labor groups in San Mateo county, many of the county's leading men and women, by a majority of the daily newspapers and several of the leading weekly newspapers of the county.

Pete Markovich Supports Hall

Peter Markovich, prominent civic leader of Daly City, Colma and San Mateo county, endorses Henry C. Hall for County Superintendent of Schools.

"I am for Henry C. Hall because of his wide range of experience in the field of education, I say this, for in checking his record I find Mr. Hall has served this county as an educator for the past thirty-four years. Aside from being a teacher he also served as Superintendent of the San Bruno Elementary Schools.

"At present he is serving as Assistant Superintendent of Schools for all of San Mateo county. Having six years experience in said office, certainly gives him a wider scope of the working mechanics of this important position.

"Education is the backbone of this great nation of ours. Its importance lies in the hands of well-trained men whose care and supervision is expanded through the channels of a well devised educational program so that our young men and women will receive the best in scholastic training. For this I highly recommend Henry C. Hall, who possesses all these qualifications.

"Aside from the above mentioned I would like to bring out that Mr. Hall has never refused to serve on committees which are of prime interest and help to our county. Some of these are: Shelter Chairman and First Aid Instructor American Red Cross; Member of Disaster Relief; Member District Committee — San Mateo Area Council, Boy Scouts of America; Member Executive Committee San Mateo County Tuberculosis Association; Served as Vice-President and life member of National Education Association; Served as President, Secretary and Legislative Chairman for San Mateo County Teachers' Association; these plus many more.

"A vote for Henry C. Hall whose energy and love for the well-being of our county is demonstrated by his past record, will be greatly appreciated."

More than 44,000 veterans of both World Wars have taken advantage of the State's low-cost "Cal-Vet" plan of home and farm financing. The interest rate has been 3 per cent since 1946.

The State Department of Veterans Affairs has certified approximately 60,000 veterans as eligible for preference in State civil service.

More than $5,000,000 has been expended by California since 1945 for new construction and modernization at its Veterans Home in Napa county, including the addition of 500 hospital and domiciliary beds.

Veterans in 54 of California's 58 counties are assisted by county service offices operating under a matching-funds contract between State and county.

Watergrass is a major weed problem in the sugar beet fields of the Central valley.

ABOUT PUNCTURES

Punctures and cuts in the tread of tires due to striking sharp stones and similar objects are more likely to occur when the tire is wet, declares the National Automobile Club.

Nearly 2,500 widows and children of deceased veterans whose death was due to wartime military service have received State assistance in completing their education.

San Francisco's consolidated city-county government dates from 1856.
